York's Are Largest.

New York.-Amazing figures testifying to the stupendous wealth of New York millionaires are contained in the income tax reports that are made to the collector of internal revenue in this city.

Notwithstanding the strict injunc tion to secrecy imposed by the .commissioner of internal revenue, it was learned that 29 residents of New York city will pay approximately \$8,330,000 in taxes. This is about 8 per cent of the total of \$115,000,000 which the government expected would be raised from the personal income tax. It is estimated that New York city's contribution to the government will be between \$10,000,000 and \$15,000,000.

"Admiral Dewey gradually talked himself into a passion. He said, 'Why, I shall stop every vessel, whatever may be her colors. And if she does not stop, I shall fire at her. And that means war, do you know, sir?"

Admiral von Diederichs makes the comment that Admiral Dewey must have known a declaration of war did not depend on either admiral. He attributes Admiral Dewcy's conduct to nervousness arising from the weight of responsibility resting on him.

It is a medicine that gets right at the trouble and relieves it by toning the nerves, enriching the blood, and giving new strength and health to the whole body. It doesn't do this by means of alcohol or habitforming drugs, because it contains none. Its strength and health-giving power is due to pure Olive Oil and the Hypophosphites, long endorsed by successful physicians, the one for its food value, the other for its tonic value. Here, for the first time, they are combined, and the result is a real nerve, blood and body-building medicine—a real strengthener that we are proud to tell you about. You don't need to hesitate in using it, because if it doesn't do all we say it will and satisfy you in every way, it will cost you nothing. If it doesn't make you strong and well again, come back and get your money. It will be given to you without word or question. THE MISSOURI GIRL HERE LAST NIGHT

Probably the best show that has pulled off at the Stayton Theatre last night by the "Missouri Girl" people. Admiral Dewey is declared to have Zeke and Daisy kept the crowd, which was a fair sized one, in a continual uproar of glee for over two hours.

The scene is laid in the "Ozarks," which is claimed by many psychologists to be the most attractive proper name "It was even related that Admiral in the English language. We all hope Dewey had already worked out a plan that some day we may be able to meet Zeke and Daisy again.

We surely wish Mr. Mounce all kinds of luck in his undertaking and hope that he will not miss Stayton with his proposed line, though we have been missed so many times that we have gotten almost used to it.

Mr. Mounce went down to California the latter part of the week to get the kale. Here's to the Salem-Bend Rail-
