

The Fact Remains

No amount of misrepresentation by the peddlers of alum baking powders, no juggling with chemicals, or pretended analysis, or cooked-up certificates, or falsehoods of any kind, can change the fact that

Royal Baking Powder has been found by the official examinations to be of the highest leavening efficiency, free from alum, and of absolute purity and wholesomeness.

Royal Baking Powder is indispensable for making finest and most economical food.

LANCEFIELD'S

ODD FELLOWS HOLD CONVENTION AT STAYTON

The Marion County Odd Fellows convention which was held in Stayton last Saturday was attended by Odd Fellows from every part of the county. There were about two hundred present. The afternoon was devoted to the business of the convention and speeches from leading citizens from various parts of the county.

W. H. Hobson, Past Grand Master, delivered the address of welcome. Having been a member for over forty years he is thoroughly conversant with its principles and teachings. He stated among other things, that: "We have come to know that secrecy is not the greatest factor in our noble order."

"Who is my brother is of far more importance than all else; the answer is written in the parable of the man who went from Jerusalem down to Jericho and fell among thieves; Odd Fellows never go by on the other side." Many visiting members stated that Mr. Hobson's address of welcome alone, was worth the trip to Stayton.

F. T. Wrightman, P. G., from Chemeketa Lodge No. 1, of Salem, delivered an address on "Friendship, Love and Truth." L. J. Adams from Silver Lodge No. 21, of Silverton, delivered an address on "How to promote attendance at Lodge." John Lewis from Crescent Lodge No. 176, of Jefferson, delivered an address on "The earnest Odd Fellow," all of which were well prepared and enthusiastically received.

The evening session was opened by a dissertation on the unwritten work, by C. A. Harwood from Silver Lodge No. 21, of Silverton, after which S. H. Heltzel, Noble Grand of Stayton Lodge No. 64, called the lodge to order and the regular routine of business transacted. Two candidates were initiated and became members of Stayton Lodge No. 64.

At 11:30 p. m. a banquet was given in the dining room of the local, and all reported an excellent time and many good wishes for Stayton Lodge.

SHOMESCOPE

J. A. Hendershott of this city has the Marion County Agency for the "Shomescope," a mechanical contrivance for the enlargement of single views as the stereoscope does to the double view.

Mr. Hendershott has them on display at his store and he is also anxious to get agents to sell them. Whenever shown they sell like hot-cakes. See him before the territory is all gone.

SWITCHBOARD ASS'N BY-LAWS ARE PASSED

The Switchboard Association met in the city hall in Stayton last Saturday and after considerable discussion, with some changes and amendments, the By-Laws were finally passed. It remains now only to sign the same by the different companies and proceed with the incorporation.

FOR SALE—

4 good young milk cows, 2 fresh now, 2 will be fresh in October, all giving milk now. Also one yearling heifer and 2 heifer calves 7 months old. A. Sowers, Shelburn, Ore.

GRANGE TO HAVE OYSTER DINNER

The Pomona Grange of this place divided into two sides for the solicitation of new members; the losing side to give a dinner to the winners.

The contest resulted in a tie, and both sides will stand the expense of a feed at the Grange rooms tomorrow, election day.

Wall Paper

Until very recently it has been necessary for people of discriminating taste, living in small communities, to go to the larger cities for exclusive wall decorations. This condition of affairs has now been overcome. We carry on hand large samples of an exclusive decorative line. All selections from this fine can be filled in 24 to 48 hours after ordering.

We also carry a large stock of wall paper on hand at all times. We have remnant patterns, enough for small rooms at

5c per double roll

Standard Stock Patterns, new and latest designs, suitable for any room in the house at from

10c to 45c per double roll
