**Mediators Leave Much to Mexico.**  
Niagara Falls, Ont.—Smooth progress toward a common agreement on all phases of the Mexican problem is being made by the mediators and the American and Mexican delegates. The mediators have taken the position that they are essentially counselors and not dictators. They will not suggest names for the provisional presidency, nor recommend any form of government. From the Mexican delegates themselves must originate proposals concerning the internal affairs of their country.

**Boy Kills His Brother.**  
Grants Pass.—Richard Sauer, 10 years old, son of George Sauer, was accidentally shot and killed by his brother, Cremon Sauer, 12 years old, while the latter was loading a revolver. The bullet struck Richard in the eye.

**Fair Exhibits to Be Planned.**  
Salem.—The Willamette Valley exhibit at the Panama-Pacific exposition will be planned at a meeting of the executive committee of the Willamette Valley association here.

About 100 apple growers met to nominate candidates to serve on the board of directors of the Apple Growers' association to be organized by the amalgamation of all fruit shipping interests in Hood River.

Dean I. Piper of Corvallis, principal, and Roy M. Poole of Hillsboro and John G. Manning of McMinnville, alternates, have been nominated for the West Point examination at Vancouver barracks by Representative Hawley.

There were 24 tie votes in the primary nominating election in Linn county last week. One of the ties is between Berry Cummings, of Halsey, and his son, Arlie Cummings, of the same city, for the republican nomination for constable of district No. 3.

Representative Hawley has been informed that his principal for Annapolis, Stanley M. Haight of Medford, and his first alternate, R. W. Metcalf, of Salem, have passed the examinations with credit and now will take the physical tests.

In a race with death half way round the globe, Ensign Herbert Roesch, U. S. N., is rushing across the Pacific in hope of arriving in Pendleton before his father, William Roesch, pioneer brewer of that city, expires. He is expected there by June 5.

With evidence that points to foul play, the body of R. L. Townsend, 28 years old, who disappeared from his home in Hillsboro May 15, was found in the river at Portland with the pockets of his trousers turned inside out and his head bearing bruises that may have been the result of an attack by highwaymen.

P. E. Lewis of Bida, Lane county, who had difficulty in proving up on a claim because there was some timber on it, has had his claim for patent approved. Lewis served three years in the Spanish-American war, which reduced the time of residence on his homestead.

Only twice in 25 years has Umatilla county wool sold for prices equal to those secured by Pilot Rock growers at the public sale held there. This was the first public sealed bid sale held in Oregon this year. More than 500,000 pounds changed hands, every clip offered being sold. The prices received ranged as much as 5 1/2 cents in advance of those paid for the same clips last year.

All Oregon was interested to learn of the restoration to entry of over 400,000 acres of land in the Deschutes and Paulina forest reserves, but on analyzing the figures the satisfaction felt over the announcement was greatly tempered by the discovery that most of the land was still held up by reclamation service and other withdrawals.

Extensive preparations are being made for the entertainment of delegates who will attend the eighth annual convention of the Staatsverband von Oregon, the confederation of German-speaking societies of the state, which will be held in Eugene Saturday and Sunday.

One of the largest gatherings ever held by any representative body was that at Independence, when practically every hop grower and buyer in the Willamette valley was present. The meeting was called to order by C. A. McLaughlin, vice president of the Hop Growers' association, who announced that the object of the meeting was to promote protection to themselves against the sentiment in the cause of prohibition.

L. J. Biron, secretary of the sandstone cutters' union of Portland, has issued an appeal that Oregon stone rather than concrete and terra cotta brought from outside the state be used in the construction of the new administration building at the university of Oregon. His plea is based not only upon the desirability of developing an Oregon resource and of giving Oregon workmen employment, but also on the increased dignity and beauty of structure that would result. The statement is in connection with a general campaign to secure the use of Oregon stone.
