SUBLIMITY CITIZEN DIES OF PNEUMONIA

After a short sickness of but four or five days, Herman Riesterer, one of Sublimity's most substantial citizens, Theresia Riesterer, of pneumonia on Sunday, August 23.

Herman Riesterer was born in Baden, Germany. April 22, 1868. He came to the United States with his parents in 1874 The first stopping place was in Minnesota, but in 1887 young Riesterer came to Oregon and his father and mother soon followed. They came to Sublimity, where the family has been located ever since.

The deceased was a member of F. J. Riester and Co. of Sublimity.

He was an honored member of the Catholic Order of Foresters, holding the position of Vice Chief Ranger. The C.O.F. had charge of the funeral at Sublimity.

TEACHING FORCE FOR NEXT YEAR

The entire teaching staff of the Stayton schools, including the high school has been selected.

Five of the teachers who taught last year have been retained. They are: W. C. Gauntt Principal and Superintendent, Miss Katherine McShane, sixth and seventh grades; Miss Malia Olmsted, fourth and fifth; Miss Maude Hollister, second and third; Mrs. Clara Pratt, primary. Miss Minnie Poley of Ashland, and a graduate of the State University has been selected as assistant in the high school; and Miss Mabel Rupert of Salem who will probably teach the eighth grade.

The board and superintendent, however, may make some changes in the foregoing schedule when the work is finally assigned at the opening of the school.

On account of the fact that a great many of the pupils of the higher grades will want to spend a few weeks hoppicking, the school wili not reopen until Monday, September 21.

The entire interior of the school building has been repainted, and a new class room has been cut off from the upper hall for the accomodation of the additional teacher. This together with the fact that the Stayton school has a broader and better course of study than ever before, will no doubt attract many more pupils, which will tend to fill the empty houses and help Stayton in a material as well as an educational way.

Harvey Anderson has been employed as janitor for the coming year. It was thought that with seven rooms and two big halls to take care of, together with the labor of caring for so many fires in the different rooms, it would be better to hire a man to spend his entire tine at the work rather than to hire school boys, as has been the habit in the pas
