**INSTITUTE BIG SUCCESS
HELD LAST SATURDAY**

The teachers and farmers institute
held in Stayton on Saturday, February
20, was a marked success in every re-
spect.

The meeting was held under the aus-
pices of the Marion County Principal's
Association, directed by Supt. W. M.
Smith.

The morning session was given over
to discussions by teachers of subjects
of professional interest. The keynote
of all the discussions was "practicabil-
ity." Each speaker emphasized the
need of connecting the school work
with the home. A very important
truth was brought out in the discus-
sions—the great need of vitalizing all
school subjects. The child is interest-
ed in life, therefore, the best way to
reach him is to put him in close touch
with the things around him.

In the afternoon session Supt. Smith
instituted the question box. Many
interesting questions were asked and
answered. Among the most important
ones were the new high school fund
law and playground equipment. All
present were very much interested in
playground equipment so that organ-
ized play might be possible.

Prof. F. L. Griffin then discussed at
length the work the Agricultural Col-
lege is doing in organizing boys' and
girls' clubs. He told many interesting
stories of what boys and girls are do-
ing in Oregon and other states to im-
prove farm and home life. This fea-
ture of the program was listened to by
a large number of farmers, who live
near Stayton, and many citizens of the
town.

The meeting was voted a success by
all, and everyone expressed a desire to
hold another and larger one at an ear-
ly date.

**WILL BUILD BUNGALOW

The building will be a story and a

the last finishing board, and built of
wholly "Made in Oregon and Stayton
material."

A basement 28x40 will be under the
entire house, and a porch will extend
around the west and south sides. The
estimated cost is about \$1800. Grant
Murphy will be in charge of the car-
penter work.

The little town of Gates above Mill
City is in mourning over the untimely
death of Kenneth McClary 28 years of
age, son of Mr. and Mrs. T. J. McClary
of that place. The young man was an
employee of the Hammond Lumber Co.
and the tragedy happened at one of
their camps, the direct cause being a
fallen limb of a tree that was struck
by a log which was being hauled in on
the line.

The accident was Saturday, February
20, at 3 o'clock and the young man ex-
pired at the Company's hospital in Mill
