ON ITS REPUTATION

G. A. Ehlen this week purchased a new Ford from Frank L. Miller. Having sold out all his machines of that make, Mr. Miller and Mr. Ehlen went to Woodburn to get one from the Ford dealer there says the Aurora Observer. On their way home they are said to have had an experience which shows why the Fords are so popular. Leaving Woodburn the new machine ran smoothly, but near Hubbard it suddenly stopped, and stubbornly refused to start. Repeated cranking did no good. They couldn't get a spark, an examination of the tank showed plenty of gasoline. Finally somewhat disgusted, the hood was removed and it was discovered that there was no engine beneath it. "Well doesn't that beat the Dutch?" said Ehlen. "How did we get this far?" "Oh, any Ford," said Miller, "will run four miles on its reputation."
