## WELL-KNOWN STAYTON WOMEN DIED SATURDAY

The many friends and neighbors, as well as the more immediate members of her family were saddened Saturday with the news of the death of Mrs. Susan M. Murphy of this city at the St. Vincent hospital in Portland. Mrs. Murphy had been taken to the latter city a few days before for an operation and failed to survive the shock.

The body was brought to Stayton, and the funeral was held Tuesday, April 13, in the Christian church, of which she had been a member nearly all her life. Rev. R. L. Morton of Salem officiated. Interment was in the Stayton cemetery, and was attended by a very large crowd, who assembled to do honor to the memory of one of Oregon's real pioneers.

Susan M. Bryant was born in Missouri in 1852, and was brought to Oregon by her parents when but nine months of age. Her early life was spent in the beautiful Jordan valley over in Linn county, where she met and married Thomas Goodman, a young Christian minister when she was but eighteen years of age.

Her life was very busy and happy, until the death of her husband in 1897, in rearing the six stalwart sons, and daughter who survive her. Two daughters died in early youth.

In 1911 Mrs. Goodman was married to G. W. Murphy of this city. She was always a healthy energetic woman until about a year ago, when she was stricken with the disease that finally caused her death.

The children were all present at the funeral, and are as follows: Oscar of Freewater; Prince of Medford, John of St. Johns; Thos. of Sherwood; Enos of Gooch; Willard of Stayton and Mrs. Jessie Titus of Kingston.

Mr. Murphy and the children wish to thank the many kind friends and neighbors for their kind offices during the last days of the deceased, and also for the many beautiful floral offerings at the funeral.

## CHAS. CLADEK ADDS MANY IMPROVEMENTS

Chas. Cladek has been making some improvements in his garage and blacksmith shop on Fourth Street. He has put in an 8-foot, Monarch, quick-change, engine lathe for auto work, thread cutting and general repair work.

He has employed C. O. Crawford, who has had experience in automobile and general repairing since 1900, to help in the garage and shop, and can guarantee a finished job second to none.

Mr. Cladek expects to put in more machinery soon, and build up his plant until he can handle any kind of repair work that can possibly be done in the valley.

## GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. Lawrence of this city celebrated their golden wedding anniversary on Tuesday of this week. A goodly number were present, among whom were two of their children and several of their grandchildren.

A short wedding ceremony was performed by Rev. Goode. After congratulations, all retired to the dining room where the tables were loaded with good things to eat.

Those present were. Mr. and Mrs. Goode, Mr. and Mrs. Kestler, Mr. and Mrs. Forrette, Mr. J. Bossell, Mr. Lake, Mr. S. H. Burson, Mr. E. Shephard, Mr. and Mrs. O. V. Myers, Mrs. True, Mrs. T. C. Crabtree, Mr. and Mrs. Powell, and the host and hostess, Mr. and Mrs. Lawrence.

The time was pleasantly spent in music and singing and all went home feeling that they had had a good time and wishing the aged couple many more years of happy wedded life.

Unless present plans are materially changed, the new Portland Postoffice building, to cost \$1,000,000, will be in course of construction within the next 90 days and the architect has promised that it will be completed within fourteen months. It will take the form of a big, fine office building, every part of which will be occupied by the Government, the first building of its kind in the United States.

## SUCCESSFUL BUYING

When you buy face cream, you want a cream that will not leave your face shiny. The way to get it is by saying "Nyal's Face Cream"—it's greasy and antiseptic. Will make the skin soft and velvety. 25 and 50 cents at Beauchamp's Drug Store.

## INSTRUCTIONS FOR SCALPING GOPHERS

No bounty will be paid on any scalp that cannot positively be identified as being the scalp of a gopher or mole. Anyone who fails to scalp them in the proper manner, or to preserve them in the proper manner does so at his own risk as the bounty will not be paid unless the scalp is in such condition that there can be no question about its being the scalp of a gopher or mole.

The scalp should contain the ears or ear holes and the face including the tip of the nose. A good way of preserving a scalp is to tack it on a board by putting a small tack in each ear hole and one in the tip of the nose so the scalp will form a little triangle. A great many scalps can be tacked on a board a foot wide and three feet long, and the board can then be hung up out of reach of the cats. When bringing in scalps in large numbers, they should be put on a string, counting ten scalps and then a piece of paper or card board between and then ten more scalps, which will make counting easy. Scalps of moles and scalps of gophers should be kept separate.

An affidavit will be required, stating that the scalps were taken from gophers and moles caught in Marion County after February 10, 1915, and also the exact locality in the county where same were caught.

## SCHOOL BOARD LOOKS AT SEVERAL BUILDINGS

The Stayton school board together with Geo. Keech and Prof. Gauntt made a trip to Albany Saturday, where the entire crowd inspected the new building being erected, and also the high school built there several years ago.

From Albany, two of the directors, Henry Smith and E. M. Olmsted, went to Newport, where another school has just been finished.

It is quite probable that the district board will make one or two more trips before finally settling on the type of building to be built in Stayton.

## MAKES RAPID HEADWAY

Add This Fact to Your Store of Knowledge.

Kidney disease often advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptom of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells or a tired, worn-out feeling, or if the kidney secretions are offensive, irregular and attended with pain, procure a good kidney remedy at once.

Thousands recommend Doan's Kidney Pills. Read the statement below. T. F. Chance, carpenter, 1625 E. Second St., Albany, Oregon, says: "A couple of years ago I strained my back and soon noticed weakness and disorders of the kidneys. I had read about Doan's Kidney Pills and began using them. In a short time my back was strengthened and all the other kidney disorders left me. I know that Doan's Kidney Pills are a fine kidney medicine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Chance had. Foster-Milburn Co., Props., Buffalo, N. Y.
