Just Plain "Bill"

Bill Turner was a farmer, he labored all his life. He didn't have no schoolin' and neither had his wife. But Bill was built for business and made the wheels go round; and left a healthy fortune when they put him in the ground. He was always taking chances, paid a hundred for a bull. His neighbors called him crazy, but he left a stable full of cows that broke the record, making butter by the ton, an' Bill had his picture printed in the Squeedunk Weekly Sun. He had newfangled notions of making farming pay. He even bought a fool machine to help him load his hay. The neighbors fairly snorted when they saw the bloomin' thing; said Bill would never make it work. It wasn't worth a ding! Bill didn't say a single word, an' didn't care a darn 'bout what they said, fer slick as grease, his hay went in the barn an hour before a thunder storm came sailin' out that way and caught his neighbors in a pinch and spoiled their new mown hay. Bill's neighbors put their milk in cans, and set 'em in a tank. Bill skimmed his milk with a machine and turned it with a crank. Smith chops his firewood with an ax. Bill used some gasoline and saws a hundred cords a day with another blame machine. Today Bill's wife rides in a car and dresses up in silk. Smith's wife rides in a wagon and keeps on skimming milk.

THE GOOD JUDGE CALMS THE COWBOY

CUT loose from the big, bulgy wad. For a clean, small chew there's nothing like it. It is the *Real Tobacco Chew* that you hear men telling their friends about.

You get the good of the richest tobacco grown.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

THE REAL TOBACCO CHEW IS NOW CUT TWO WAYS!!
W-B CUT IS LONG SHRED. RIGHT-CUT IS SHORT SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the *Real Tobacco Chew*. That's why it costs less in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

Notice how the salt brings out the rich tobacco taste.
