The general public does

not know much concerning the science of medicine and prescription compounding. It is a case of trusting someone. You've got to take HIS word for it and to fill a prescription rightly, to put in just the right amount of drugs to bring about the desired result, is the work of a good prescription clerk. And it's got to be more than care—and it's got to be more than "exact proportions"—it's got to be fresh, pure, full strength drugs coupled with careful skillful handling to make a prescription right.

THE PRESCRIPTION

DEPARTMENT of the REXALL store is fully supplied at all times with the best, the purest full strength drugs. Each prescription is checked up before leaving our hands as a safeguard to you and also that the prescription may bring about the desired results. Have them filled at Beauchamp's The Prescription Drug Store.

A long-distance message was at once sent to the husband, who was in Eastern Oregon working in the harvest fields.

Mrs. Downing was the daughter of Mr. and Mrs. E. W. Ross of Silverton, and leaves several small children besides her husband, and other relatives to mourn her loss.

Funeral arrangements have been made by the Ringo undertaking establishment of this city, and will be conducted at the G. A. Downing home not later than 11 a. m., Friday, July 23. Owing to the uncertainty of the arrival of the husband, the exact date cannot be set at time of going to press. Interment will be in the Wisner cemetery.
