## THE BIG GAME HUNTER PROVES THAT HE KNOWS THE REAL TOBACCO CHEW

ALL around you, men are talking about it. You, yourself, are probably telling your friends about the Real Tobacco Chew.

No user wants to see his friends go without it because it gives a man real tobacco satisfaction and comfort.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

THE REAL TOBACCO CHEW IS NOW CUT TWO WAYS!!  
W-B CUT IS LONG SHRED. RIGHT-CUT IS SHORT SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it cuts less in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes your spit too much.

One small chew takes the place of two big chews of the old kind.

(Notice how the salt brings out the rich tobacco taste.)
