THE LAST WORD UNLESS—

The Editor of the Standard comes back with what he calls an answer in his paper of last night, and as has been his method in the past evades the question with a half apology saying that he was mistaken in calling us a grafter etc. We were pretty well riled up at the accusation and had several harsh things to say but forbear for this time as we never like to call names.

Mr. Alexander also tries to drag into the discussion another bit of private business in which he says that he offered us all our plant was worth before he started his paper.

If he ever offered us a single red cent, he must have done so in his dreams. No doubt he expected us to say "Here Mr. Alexander, you ran the Mail 8 years and made a howling success of it, take it, and I will take my family and move out on a "truck," Nay, Nay, Pauline, we bought the plant four years ago, and since that time have put it into the best shape of any plant in any town of this size in the state. We have built the business up from a losing one (Mr. Alexander had but little patronage when he sold, and Mr. Freres lost money, Mr. Babcock sold as quick as he could and Mr. Shields did the same) to its present condition, which is as sound as any institution in the city. We refer you to both banks.

The truth is Mr. Alexander you were jealous of our success and wanted back into the newspaper business, but did not want to pay a decent price to do so, so you have started a one-horse proposition in the back end of your furniture store.

The Stayton Mail for the past four years has championed every cause of merit that has come before the people, whether it was railroad, woolen mill, paving, high school course or high school building, and we expect to keep right along that line until we have to "go out on a truck," which at the present rate of business will be quite a long time.

Your allusions to my daughters working in the office, was ungentlemanly to say the least, and will be cast into the discard and forgotten, as simply the ravings of one whom cannot have everything come his way.

This is the last we shall say in this unseemly affair unless the one who started it off, shall see fit to continue it. If so, we can continue indefinitely.

Pruning the Grape.

In pruning the grape cut back to the third bud, as it is usually the first entirely perfect bud produced.

A truck will collect the berries each day, beginning Thursday, August 5. Will pay once a week.

STAYTON DRUGGIST PLEASES CUSTOMERS

V. Dare Sloper reports customers greatly pleased with the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy drains the old foul matter from the bowels so THOROUGH that ONESPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. Adler-i-ka never grips and the INSTANT action is surprising.

THANKS FOR ARTICLE

We wish to thank Rev. Putnam for the fine article sent in to the Mail this week on "Mexico." We are short-handed this week, as part of our force is taking a vacation. We will try to use it in the future. —Editor.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one brood disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc. Take Hall's Family Pills for constipation.
