## GET YOUR EYES EXAMINED

Expert examination is absolutely necessary to determine the proper kind of glasses to use. Selecting them by any other method may result in permanent injury to your sight. When Drs. Lowe & Turner prescribe glasses, it is with absolute certainty that they are best and only kind suited to your eyes. If you do not need glasses, then we most positively will not recommend them. Drs. Lowe & Turner will be at Luthy's Jewelry Store Monday October 18th. Remember the date. Beware of those going from house to house claiming to be Drs. Lowe & Turner's agents. They are frauds and you will be humbugged. Be sure and call and let them show you that new invisible double vision glass for reading and close work and distant vision, all in one, which looks like a single pair, yet answers the purpose of two. Drs. Lowe & Turner will be at Luthy's Jewelry Store Monday, October 18th.

## "LESSONS OF LIFE FROM BASEBALL FIELD"

## PLEASANT PARTY SUNDAY

## ODD FELLOWS MEET AT HUBBARD

The semi-annual Marion county District I.O.O.F. Convention was held at Hubbard last Saturday October 9. The convention is composed of all the Odd Fellow lodges in Marion county. There were between 150 to 200 Odd Fellows present from various parts of the county. Ora Cosper, Grand Secretary of the Rebekah Assembly of the State of Oregon, Henry S. Westbrook, Deputy Grand Master, and Robt. Andrews, Grand Patriarch were present. S. H. Heltzel of Stayton, president of the convention, occupied the chair at the afternoon and evening sessions.

The program at the afternoon session was of unusual interest on account of the brilliant addresses and eminent positions of the speakers. Mrs. Ora Cosper, Grand Secretary of the Rebekah Assembly delivered an address entitled "Why every Oddfellow Should be a Rebekah," which was an inspiration to all who heard it. Henry S. Westbrook, Deputy Grand Master and Robt. Andrews, Grand Patriarch, each delivered an address that will long be remembered by all present. The address of welcome was delivered by Geo. W. Knight of Hubbard, and the response by H. S. Westbrook. E. P. Morcom of Woodburn and M. M. Sayer of Silverton also delivered addresses which were very instructive and entertaining to the convention. The address of E. P. Morcom which was entitled "Why am I an Odd Fellow" deserves special notice for the reason that it was highly instructive and of special interest to every good citizen within the state.

The business session was short. Among the most important things passed upon was that a Constitution and By-laws for the regulation of the Convention should be prepared. W. H. Hobson and S. H. Heltzel of Stayton, M. M. Sayer and T. W. Riches of Silverton were selected as a committee of four to prepare and present at the next convention a constitution and by-laws for its regulation. At the evening session the Initory Degree was put on by Chemeketa Lodge No. 1, of Salem, Oregon, after which a very sumptuous banquet was served to about 120 members present, by Hubbard Lodge No. 76, assisted by the Rebekahs. The hospitality of the members of Hubbard Lodge deserves special mention, and it was the consensus of opinion that Hubbard Lodge No. 76, had done itself proud in the way of entertainment and hospitality. The next convention will be held at Scott's Mills near Silverton on the second Saturday in May, 1916, and all Odd Fellows are cordially invited to attend.

## DOUBLE HEADED SNAKE

M. J. Crabtree, the popular carrier on Route 1, from this office found a belated and chilly snake in the middle of the road, while returning from his regular trip Tuesday. The snake at first appearance seemed to have a double head, one on each end, but a closer examination revealed the fact that the stubby tail was simply marked similar to the head. Mr. Crabtree brought the curiosity to town, where no one seemed to be able to classify it, and where it was viewed by a number of people before it was killed.

## TO OUR READERS

Every family in this county is now a subscriber to various magazines and newspapers. The total amount of money paid for these publications probably amounts to several thousand dollars annually. It is money well spent, of course, because we must have "something for the family to read."

But if you can save about seventy-five per cent of this money, and still have all the papers and magazines you want, it is worth considering, is it not?

We have made arrangements whereby we can save this community hundreds of dollars by merely ordering their reading matter through this office. Our best offer is a club of four magazines with our paper for only \$1.18 a year.

You will find this big offer advertised on another page of this paper. Look up the advertisement and read all about this remarkable offer. Send us your order right in—mail it, telephone it, or bring it to us, and we will fix it up at once so that you can get your magazines.

If there is anything in the advertisement you do not understand, drop into our office sometime and let us explain all about it. It's the best clubbing offer we have ever seen, and we are anxious to have every reader take advantage of it.

## ARE PARENT-TEACHERS MEETINGS OF BENEFIT

"Shall or shall not a Parent-Teachers meeting be organized in Stayton this year?" is a question that is confronting both the parents and the teachers.

That such meetings are of exceeding benefit to a community is conceded by all, if they are carried out in the proper spirit.

To be a success, all formality should disappear. The teacher should lay aside her dignity of the school room, and talk over her work and difficulties in a spirit of friendliness, while the parent must forget that he is a parent of any particular John or Mary, and should come prepared to help and not to criticize.

If a Parent-Teachers meeting on such a basis can be organized, by all means let it be done.

The new building in Stayton is especially fitted for community work. The assembly hall is large, well lighted, and steam heated, with adequate stage facilities. What more could be asked.

The president of the Marion Co. Parent-Teachers Associations, L. R. Clark, suggests the "Community Sing," as a means of getting together and getting better acquainted. A community sing in which the old and well known songs are used, would no doubt do much to "break the ice." What do the readers of the Mail think of the plan.
