INDUSTRIAL NEWS

The Marshfield Record of Oct. 8 contains four pages of views of the work being done by the S. P. Co. on their new line to Coos Bay, including a view of the new \$1,500,000 bridge across the bay. These are the best photographs yet published and give the world the first graphic picture of the immense work being done in that section by the railroad.

Revival of railroad activity in Oregon is the surest indication of returning prosperity.

What constitutes a state? High paid commissions and assessment rate, delinquent tax lists, execution sales, big business magnates languishing in jails? Or down-trod masses fed on soup and crusts, their rulers pliant tools of greedy trusts? Don't ask me, bo, the question's got my goat: Depends on who it is that wants your vote.—Ontario Democrat.

Eugene is to have a factory for the manufacture of all kinds of wooden handles.

A \$10,000 timber sale in Coos Co. to a Minneapolis syndicate is reported by Frederick A. Kribs.

Jitney drivers in Portland reduce fares to 6 for a quarter on the theory that "the street car company cannot meet the cut inside a year and a half owing to present ruling of Public Service Commission. To a fair minded man this looks unjust. Jitneys are common carriers as much as street cars and should be under the same identical rulings as the street cars.

Powers is to have a new bank.

Toledo—Geo. W. Moore Lumber Co. resumes operation on a 10-hour day.

According to reports Newport offers \$100,000 bonus to the P. & W. C. R. R. Nav. Co. as inducement for early construction.

Eugene—Both Kelly Lumber Co. has let contract for logging between 8,000,000 and 10,000,000 feet of timber.

Wool growers are receiving from 22 to 25c for fall clip.

Molalla Electric Co. will furnish Butteville with electric lights.

Amity has disposed of \$15,000 bonds to build a water system

The record of deaths of pedestrians and automobile parties on railroad crossings is appalling. It is impossible for a railroad company to always protect a person against their own foolishness. Stop, look and listen when you come to a railroad crossing.

L. C. Hochett of Newport has been canning herring the same as sardines and salmon with satisfactory results.

Florence has sold \$10,000 bonds for city water system.

J. H. Newman is developing sales territory for Siuslaw salmon, out of Eugene.

Florence expects to have a fruit cannery next year.

The next time you hear a man's name proposed as a candidate for an important office, ask yourself this question, "can he run a business of his own successfully?" If his record shows that he cannot, why should you expect him to make an economical and efficient officer to spend your tax money? The time to lower the tax rate is before the election by choosing men of business ability. A man seeking public office should be required to show that he has had experience that would justify his holding the position the same as he would have to do if seeking employment in a private enterprise.

Only 19 miles of rails remain to be laid before Coos Bay is connected with the main line of the S. P.

ONE WEAK SPOT

Many Stayton People Have a Weak Part and Too Often It's the Back.

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up, day and night. Backache is often from weak kidneys.

In such cases a kidney medicine is needed.

Doan's Kidney Pills are for weak kidneys.

For backache and urinary ills. Good proof of merit in the following statement.

Mrs. J. B. Roddy, 1637 E. First St., Albany, Oregon, says: "For years I had attacks of kidney complaint. A dull pain in my back made me weak and nervous and the action of my kidneys was irregular. I tried many medicines and found Doan's Kidney Pills the best of all. When I notice any symptoms of kidney trouble returning, I take Doan's Kidney Pills and they always give me quick relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Roddy had. Foster-Milburn Co., Props., Buffalo, N. Y.

BENEVOLENCE.

There is no just action, no kind word, no obliging demeanor, no charity, no hospitality, that springs from selfishness which shall not have its penalty, inasmuch as it corrupts the character, and there is no kindness, no forbearance, no generosity, no charity, that springs from disinterested benevolence which has not its remuneration, for it makes men better, nobler and purer.

Birth of the Theater.

The theater is the creation of the ancient Greeks. The drama, in the true sense of the word, was born in Athens immediately after the great victory over the Persians, B. C. 500-480. The famous Dionysiac theater at Athens was completed about B. C. 340. Rome was never much on the theater. In Rome there was far too much real tragedy every day, so that the people had no occasion to mimic it on the stage. It was as late as B. C. 154 when the first permanent playhouse was erected in Rome by Cassius. Even as late as B. C. 55 Pompey had all he could do to make the theater popular in the Eternal City.—New York American.

Pensions in Australia.

The indigent, aged and infirm in Australia may receive an old age pension, not as a charitable aid, but as a statutory right. Males who have resided in Australia continuously for twenty years on attaining the age of sixty years may receive a pension not exceeding \$2.40 per week. An invalid pension of similar amount may be paid to persons over sixteen years of age who are permanently incapacitated by sickness or injury. Provision is made for the aged, the sick, those mentally deficient and the destitute in hospitals and asylums subsidized by government. A maternity allowance of \$24 may also be claimed as a statutory right at the birth of every child.

MUCH ADLER-I-KA USED IN STAYTON

It is reported by V. Dare Sloper, druggist, that much Adler-i-ka is sold in Stayton. People have found out that one spoonful of this simple buckthorn bark and glycerine mixture relieves almost any case of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. One minute after you take it the gasses rumble and pass out. It is perfectly safe to use and cannot gripe.
