You Can Get Rid of That Itching Rash

There is immediate relief for skins itching, burning and disfigured by eczema, ringworm, or similar tormenting skin-trouble, in a warm bath with Resinol Soap and a simple application of Resinol Ointment. The soothing, healing Resinol medication sinks right into the skin, stops itching instantly, and soon clears away all trace of eruption, even in severe and stubborn cases where other treatments have had no effect. After that, the regular use of Resinol Soap is usually enough to keep the skin clear and healthy.

You need never hesitate to use Resinol. It is a doctor's prescription that has been used by other physicians for years in the treatment of all sorts of skin affections. It contains absolutely nothing that could injure the tenderest skin. Every druggist sells Resinol Ointment and Resinol Soap.

The Light That Failed.

The audience held their breath and simply thr-r-rilled as Jack Braveboy, the hero, killed the last of the Indians. He staggered about; he almost fainted with loss of blood. Then he gazed about him, and suddenly his voice rang out with hope: "See!" he cried. "The dawn breaks bright upon you to-morrow heights!" The stage remained in darkness. "See!" he yelled again. "The dawn breaks bright upon you to-morrow heights!" Still darkness reigned. "The dawn! The dawn!" he screamed, raging about the stage. "It breaks, The dawn." A head popped over the mountain top: "Old 'ard, guv-nor!" said the head. "Don't be in such a bloomin' hurry! Some one's bin an' turned the gas off!"—Tit-Bits.

She talks of great musicians And of knowledge makes a show Till she leaves you with suspicions That your taste is very low. But when she sings for pleasure On an idle afternoon She will hum a reckless measure From the latest ragtime tune.

Of the drama she discourses With an erudition vast; She'll describe its classic sources In the dim poetic past. But when for sheer diversion Unobserved she means to go, She sets out on an excursion To the nearest movie show. —Washington Star.

His Vocation Clear.

Young Arthur, the pride of his Beacon street home, had been attending school all of six weeks, and his devoted parent thought it was high time he should find out how things were running. So he asked one afternoon: "And what did my little son learn about this morning?" "Oh, a mouse, Miss Wilcox told us all about mouse."

"That's the boy. Now, how do you spell mouse?"

It was then that Arthur gave promise of entering the diplomatic service. He paused meditatively for a moment, then said: "Father, I guess I was wrong. It wasn't a mouse teacher was telling us about; it was a rat."

TOO MANY CHILDREN are under-size, under-weight

with pinched faces and poor blood; they do not complain but appetite lags, they have no ambition and do not progress.

Such children need the rich medicinal nourishment in **Scott's Emulsion** above everything else; its pure cod liver oil contains nature's own blood-forming, flesh-building fats which quickly show in rosy cheeks, better appetite, firm flesh and sturdy frames.

If your children are languid, tired when rising, catch cold easily or find their studies difficult, give them **Scott's Emulsion**; it supplies the very food elements that their systems lack.

Scott's Emulsion contains no alcohol and is so good for growing children it's a pity to keep it from them.

Halibut, Cranberries and Turkeys In.

Tacoma—Halibut is now to be had on the local market in any reasonable quantity, wholesale dealers having received a shipment of 80,000 pounds. This is one of the largest shipments received here for some time. Although the fish has been rather scarce at various times during the season, dealers say they now expect no trouble in obtaining plenty of this popular fish. The prices of 7@7 1/2 cents a pound are very reasonable, it is said, for this time of the season and the quality of the fish was never better.

The first shipment of late cranberries arrived on the local produce market this week. The berries found instant favor at \$9.50@10.50 a barrel. A plentiful supply is on hand to meet the demand and no difficulty will be experienced in getting enough for the trade throughout the season, say dealers, who praise the quality of those received.

Eggs are firmer and may go up within a few days. The surplus has been exhausted. The trade will not touch the eggs at a price above 41 cents, but when it gets below that price the demand increases and soon wipes out the surplus, which is small because of the scarcity of the product.

Turkeys opened wholesale here at 28 cents a pound, the first shipment from Oregon being received. These fowl retails at 30 cents a pound. The shipment was small and brought here just as a "feeler." Dealers, however, do not believe prices will go much lower than those now quoted.

Failures Fewer Than Year Ago.

Some increase in the country's business mortality is not unusual at this period of the year, and no special significance attaches to the rise in the commercial death rate during October. Total insolvencies, as reported by R. G. Dun & Co., numbered 1599, or 185 more than in the previous month and the largest since July, while several defaults of exceptional size helped to swell the liabilities to \$25,522,380, as against \$16,208,070 in September and an average of about \$19,000,000 for the four months prior to that time. When comparison is made with October, 1914, however, the showing is favorable, not only from a numerical standpoint, but also in respect to the aggregate indebtedness. Then 1686 concerns failed, owing \$29,702,187, in 1913 only 1434 insolvencies occurred and the amount involved was \$20,245,466, though in that year practically 200 more reverses were reported in October than in September.

Rutabagas In Market.

Tacoma—Rutabagas of unusually fine quality from North Yakima made their first appearance this season on the local produce market and sold at once at 1 1/2 cents a pound. Turnips also rolled in for the first time this season and met with as much favor as the rutabagas. Local vegetables are off the market, the last shipments being in no condition to handle according to dealers. Turnips are selling at the same price as the rutabagas. Two carloads of fine sweet potatoes from the South were received this week.

An Ingenious Soul.

Blithers entered the dining room with a pair of yellow automobile goggles on.

"Hello, Blithers," said little Binks. "Going motoring?" "No," said Blithers. "I'm sort of hungry for a grapefruit, and I want to keep the juice out of my eye."

YOUR BLOOD is the canal of life but it becomes a sewer if clogged up. All life consists of building up and tearing down and just in the same manner that the blood carries to the various parts of the body the food that the cells need for building up, so it is compelled to carry away the waste material that's torn down. These waste materials are poisonous and destroy us unless the liver and kidneys are stimulated into refreshed and vigorous life.

DR. PIERCE'S Golden Medical Discovery is the balancing power—a vitalizing power. It acts on the stomach and organs of digestion and nutrition—on the purifying filters which clean the blood. Thus fresh vitalized blood feeds the nerves, heart and brain. This well known alterative relieves catarrh of the stomach and headaches accompanying same, and has been successful for more than a generation as a tonic and body-builder. It builds up the rundown system. You need it—if you are always "catching cold"—or have catarrh of the nose and throat. The active medicinal principles of American-Native-roots are extracted without alcohol and you can obtain this tonic in liquid or tablet form at any drug store or send 50 cents in 1-cent stamps for trial box of tablets.

He Knew.

The teacher was giving the geography class a lesson on the cattle ranches. She spoke of their beef all coming from the west, and, wishing to test the children's observation, she asked: "And what else comes to us from these ranches?" That was a poser. She looked at her shoes, but no one took the hint. She tried again.

"What do we get from the cattle besides beef?" One boy eagerly raised his hand. "I know what it is. It's tripe!" he answered, triumphantly.—The Youth's Companion.
