UNITED STATES CREAM SEPARATORS

THE HEART OF THE DAIRY

A Heart-to-Heart Talk with You

Have a heart, neighbor! Why buy a "near" separator from mail-order catalogs, when you can get a "regular" Cream Separator from me?

You don't know who makes the mail-order separator; but I know who makes the United States Separator. And what's more, I know that their 42 years' experience, their splendid reputation for honest dealings and their world's record for closest skimming, is behind every Separator I sell.

As a dealer I pin my faith to the United States Cream Separator—a machine of American invention and of American manufacture. As a dairyman you can bank on the United States Cream Separator, because it has back of it my personal guarantee to you, and the maker's guarantee to both of us.

Buy right here at home! Don't take chances on a separator you haven't seen demonstrated. Come to me, or let me come to you, any day in the week, and I will show you a real up-to-date Cream Separator—one that is as far ahead of the old disc types as autos are ahead of ox carts.

I will show you a Cream Separator that gets more cream and better cream, with less labor, than any other on the market—one that runs easier, is washed quicker, lasts longer, and costs less for up-keep than any piece of farm machinery of its kind ever designed. I will show you a Cream Separator that can be kept in perfect sanitary condition without making life a burden to the women folks.

Neighbor, I want to show you the improved United States Cream Separator—a machine years ahead of its competitors! On your next trip to town look me up, or phone me to come out. If you don't grow as enthusiastic over its good points as I am, then the treat is on me. I'll be looking for you!

High School Notes

The six weeks examinations were held Thursday and Friday of last week. The grades received by the majority of the students indicated that good progress is being made. There were few "flunks" and the Geometry II class actually made an average of 100%.

Loren Wilson returned to school Monday after an absence of several weeks.

If a quarter is requested of you by some of the young ladies of the high school, don't think they are in dire need. The true explanation lies in the Friendship bracelets they are starting.

Several of the pupils from Linn County, who had completed their examinations, attended the rally at the Cote school.

Freshmen are great on pompadour hair cuts. Refer to Ber Mack, Roy Follis and Rex Porter.

A fifteen piece brass band has been organized in the High School and will begin practicing this week. Those composing the band are Leo Klecker, Ed Blakeley, Roy Follis, Melvin Nipple, Henry Tate, Ralph Kelley, Loren Wilson, Frank Teague, Wanda Brown, Paul Shreve, A. D. Gardner and D. C. Davis with Guy Hurt for drum major and "Flunkie".

PRINCE ALBERT

the national joy smoke

is the real tobacco for jimmy pipes and makin's cigarettes

Copyright 1931
R. J. REYNOLDS Tobacco Co.

Get a Fresh Start!

For men who got away to a false start on a pipe or home-made cigarettes Prince Albert has a word or two for what ails *their* smokeappetites!

Forget you ever *tried* to smoke, for Prince Albert is so different, such a fine flavor, so cool and cheerful and friendly, you'll get a new idea of smoke joy! The patented process fixes that—and *cuts out* bite and parch!

And this little preachment is also for men who *think* they're on the right track. All to be said is that the sooner you lay out a nickel or a dime for a supply of Prince Albert, the sooner you'll make a discovery that'll be worth a lot to your peace of mind and tongue!

Get the idea of smoking *all* you want without a comeback—that's P. A.!
