His Golden Wedding.

Up and down the village street walked old Tompkins, dressed all in his Sunday best, and with a clean collar on.
"Hello, old fellow!" a friend hailed him. "Aren't you working today?"
"No," replied the old man proudly. "I'm celebrating my golden wedding."
"Really? Then you've been married 50 years!"
"Yes, I have."
"Then where's Mrs. Tompkins?"
"Isn't she celebrating, too?"
"The present Mrs. Tompkins," the old man coldly rebuked the idle questioner, "has nothing to do with it."
The Department of Farm Crops, University of Idaho, has received during the spring, shipments of seed from the following foreign countries: Canada, Sweden, Denmark, Australia, and Japan. The Bureau of Plant Industry of the U. S. Department of Agriculture has also sent samples of clover and other leguminous crops for the purpose of co-operative testing experiments.

HUSBAND OBJECTS TO OPERATION

Wife Cured by Lydia E. Pinkham's Vegetable Compound

Des Moines, Iowa.—"Four years ago I was very sick and my life was nearly spent. The doctors stated that I would never get well without an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E. Pinkham's Vegetable Compound. I took it and commenced to get better and am now well, am stout and able to do my own housework. I can recommend the Vegetable Compound to any woman who is sick and run down as a wonderful strength and health restorer. My husband says I would have been in my grave ere this if it had not been for your Vegetable Compound."—Mrs. BLANCHE JEFFERSON, 703 Lyon St., Des Moines, Iowa.

Before submitting to a surgical operation it is wise to try to build up the female system and cure its derangements with Lydia E. Pinkham's Vegetable Compound; it has saved many women from surgical operations.

U. S. Consul Says Orient Calls for Northwest Products

Consul General John P. Bray, of Singapore, Straits Settlements, who is on leave of absence from his post, arrived on the Pacific Coast last week and has spent a couple of days in Seattle in conference with business men and others interested in trade in the Northwest. The consul general has been in the service of the State Department for about 20 years and for a number of years was stationed at Sydney, Australia, but recently was transferred to Singapore, where he not only looks after the affairs of the department of state, but also has charge of the affairs of other countries now at war.
The consul general spent considerable time in the Seattle office of the bureau of foreign and domestic commerce and has given to the commercial agent the following statement as to conditions in the Straits Settlements as they probably affect the business of the Pacific Northwest.
"As to the manufacturing interests of the Pacific Northwest, I would say that there is a large opening in the Oriental countries for products of this region. Especially is this true in regard to pine lumber, flour, fruits, canned fish (particularly salmon).
"The development of the Straits Settlements and the Federated Malay States provides a great field for the manufactured steel products of the Pacific Northwest, and especially would I call the attention of manufacturers of this section to the lack of tonnage for the manufactured products to be sent forward."
Wheat Bids Are Advanced.
Portland—Eastern bids for wheat were lacking Thursday, but there was some demand on the local market, and offers at the Exchange were advanced 1/2 to 2 cents for spot and May delivery. Bradstreet estimates the visible wheat decrease at 1,037,000 bushels, the corn decrease at 1,227,000 bushels, and the oats decrease at 1,976,000 bushels.
Timothy hay is scarce in the local market, and will continue so during the remainder of the season. The price is on a firm basis. Receipts of California grain hay are looked for. Alfalfa is also firm. The outlook is for a record crop of alfalfa in the Northwest this year.
Enlarge Creamery.
Moscow, Idaho—Work has started on the cold storage plant of the Moscow Creamery company, which has closed a contract with a Spokane firm for a four-ton modern equipment, installed. The butter room will have a capacity of 50,000 pounds; one room for eggs to hold 1000 cases; one room will be kept at about zero for hardening ice cream; one for manufacture of ice for the use of the creamery only, and one for cream and milk. These will all be in addition to the butter-making department and machinery.

No Accounting For Juries.

Many verdicts of a strange, curious and humorous nature find birth not infrequently in coroner's juries and juries in justice's courts.
Uncommonly intelligent are the coroner's juries in Mississippi. Twelve men in Warren county, in that state, returned a verdict several years ago which read: "The deceased died by the will of God or some other disease unknown to the jury."
Another verdict, equally as solemn, reads: "We are of a Pinon that the Deceat met with her death from Violent Infirmation of the Arm, produced from Unnoan Cauz."
An old story, oft repeated, is that an English jury in a criminal case once brought in the following: "Guilty, with some little doubt as to whether he is the man."
Another is told of a Welsh jury who read: "We find the man who stole the mare not guilty."—Docket.

Got Even.

A young man who had been snubbed at the theater door decided to get even with his girl friends.
The girls occupied the first four seats in the sixth row and the young man had the fifth. They paid no attention to him. On the program was a monologist who began to talk of love to get a few laughs, as those artists often do. He said: "All the girls who are in love, please stand up."
Turning to the girl next to him, the young man who had been snubbed said: "Please let me out."
Naturally, the entire four had to rise. When they were on their feet the young man sat down, while the remainder of the audience roared in glee at the four.—Philadelphia Public Ledger.

Recognizing the Profession.

"Was your father a pirate?" asked young Fitztop of the girl of his choice at a clandestine meeting, after the old sea captain had urged his exit from the family mansion on the hill by the use of his pedal extremity.
"No, my darling," was the reply.
"Why do you ask?"
"He seemed to me to be a good deal of a freebooter," said the young man.—Philadelphia Public Ledger.

For the Human System.

For cuts, burns, bruises, stiff neck, sore throat, sprains, lame back and bunions, use Hanford's Balsam of Myrrh. It is guaranteed. It is for external use only. Always have a bottle on hand, ready for accidents. Adv.

A Reminder.

"Look here," said the indignant house owner to the agent from whom he had bought his home on the installment plan. "The paneling in my dining room is opening so you can put your finger through the cracks."
"That's all right," replied the agent. "The house is settling. And that reminds me. It's about time you settled up for last month's installment."—Philadelphia Public Ledger.

"An' phwat is your Patsy doin' these days, Mrs. O'Hagan?"
"Ah, he's drol' foine! He's a conductor in the opery house, an' wears a swallytail coat."
"A conductor, is it? An' phwat does a conductor do?"
"He conducts people to their seats."
Hanford's Balsam is good for blood poisoning. Adv.

In Modern Times.

"In the old days, the main element of a soldier was to know how to act under fire."
"And nowadays, in addition, he is supposed to know how to act under water, in the earth and without air."—Puck.

Rubbing It In.

"The audacity of this laundress!"
"How now?"
"After reducing my garments to shreds she tries to charge me by the piece."—Louisville Courier-Journal.

KC BAKING POWDER

is what you should always use.

There are many other reasons why—but try a can and see for yourself.

Blasted Out with GIANT

You know the difficulty of getting the roots of stumps out with pullers, by burning, or by using explosives that merely shatter. You need explosives that not only shatter but also lift and heave—that tear the roots and make clearing easy. You can save work, time and money by using

GIANT FARM POWDERS

—made by a Pacific Coast company, with 50 years' experience, to meet Pacific Coast agricultural conditions. More than 2,000,000 pounds used every year by farmers who have proved they reduce stump blasting costs.
There are two Giant Powders—Eureka Stumping Powder, for use in dry work, and Giant Stumping Powder, for wet work. Ask your dealer for them. Test them alongside of any other explosive. Write us and we will have our nearest distributor supply you—at lowest market prices—with a trial case that will prove to you the economy of using Giant Farm Powders.

Five Valuable Books Free

We issue five handsome, illustrated books to help you blast cheaper and better—books on Stump Blasting, Boulder Blasting, Tree Planting, Subsoil Blasting and Ditch Blasting. Any or all of these—written by western men for western farmers—will be sent on request. Choose the books that you prefer and write for them today.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.
Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.
Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Correct.

Miss Wheat, the new teacher, was hearing the history lesson, which dealt with the career of George Washington. Turning to one of the scholars, she asked:
"James, what was Washington's farewell address?"
The new boy arose with a promptitude that promised well for his answer.
"Heaven, ma'am," he said.

Sprained ankle? Rub on and rub in Hanford's Balsam thoroughly. Adv.

That Settled It.

"And you broke off the engagement?" said one young man.
"Yes, but not brutally, you know. But I managed it."
"How?"
"Told her what my salary was."

Adopting Suggestion.
"Talking about the total depravity of inanimate things—"
"Well?"
"Just as we got opposite a road hotel with a big gun, 'Sea Food a Specialty,' our auto deliberately turned turtle."—Baltimore American.

The Usual Experience.
"Have you laid by anything since you took up the profession of authorship?"
"Yes, about 300 manuscripts."—Boston Transcript.

Start and Finish.

A publisher of this city is credited with a unique criticism of a story teller who had begun promisingly, but soon degenerated into the lowest type of "best seller."

"This gentleman's biography," said the publisher, "can be comprised within two questions and answers thus:
"How did he begin writing?"
"With a wealth of thought."
"How did he continue?"
"With a thought of wealth."

The Essentials.
"Is he a typical American?"
"Yes; he likes baseball, has a motor car, owes a mortgage, pays alimony, and thinks the motion pictures have grand opera beaten a mile."—Life.

A Too Willing Worker.
"Yes, the boss said he was losing money on the things I was making."
"And what were you making?"
"Mistakes."—Philadelphia Record.
