## ARBITRATION IS THE ONLY WAY

The Threatened Railroad Strike Can Be Easily Settled By Above Method

### DR. VALLENTYNE SPEAKS

Capital and Labor Must Co-operate in Order to Accomplish Most Good

For threatening to strike and stop all trains and refusing to submit their wage increase demands to arbitration, the rules of the brotherhoods of railway train service employees were severely criticized by the Rev. James W. Vallentyne, DD, of the California Ave. Congregational Church (Chicago) in his sermon Sunday morning, his text was:

"Am I my brother's keeper?"—Gen. 4:9

Dr. Vallentyne said in part: The greatest problem of human life is the problem of getting on together. Many a person narrows his vision until he sees only himself in the problem and he hopes to get on. But no man lives to himself. No man rises or falls by himself. If any one is to get on in any real measure he must take his place in the procession and make his contribution there.

Go where you will and look into government, manufacture, merchandising, sanitation, education or religion and the problem is one of relationships.

We will put down into our own pillow if we will recognize the fact that the earth and all its good things are for us all.

It is unnecessary to crowd and grab. It is also bad manners and bad religion. It starts disorder that may easily end in loss to all.

An illustration is at hand in the labor world. Labor has found immense profit in organizing, that the interest of the individuals may be massed and then protected and improved by all the men working jointly.

Capital has done the same thing with great advantage to itself and to the world at large.

When could railways have been built by disintegrated capital scattered among the many? No great enterprise could have been consummated except by capital uniting and the many individuals cooperating in the interest of the combined capital.

Capital thus united has become powerful. Like every great power, temptation to misapply its energy follows naturally.

Labor has had the very same experience—organized, united and applied it has become so powerful as to need the closest self inspection, that it do not go wrong.

These two mighty forces have often parried across the board always to find the people urging that they come to agreement and so adjust their difference that the people themselves would bear the cost.

Now 350,000 Railway employees—Engineers, Firemen, Trainmen and Conductors—are asking what is virtually a 25 per cent raise in pay. The Railways might soon grant their demand in the interest of uninterrupted service and raise their rates to the people and go on uninjured, the people paying the cost, as usual.

But the Interstate Commerce Commission, the guardian angel of the people, says that the rates must not be raised. Then the demands of the men become confiscatory. The Railways now are crowded with tonnage, but it is glut of carnage and God knows must soon cease.

The demand must be denied, so says the Railway. Unless the demand is granted we will stop every car wheel in America, so say the employees.

I am for capital and the labor union. I am for the people, rich and poor; but I want every one of them to be fair and to stop eating when he's had enough.

## HOW TO HELP THE COMMUNITY

"It is not enough for a live community that advertising should be correctly used to promote general prosperity. The home newspaper is a social and intellectual thing as well as a medium of business. One cannot serve the community better than by seeing that interesting items get to the editor. The editor is no mind reader, call him up and tell him. To do so is the neighborly thing, the kind hearted thing—a courtesy not to the publisher alone but to everyone in the district who might be interested in your little item.

"If you can once get all your people in the way of voluntarily pouring these interesting scraps of news into the weekly paper you will add immensely to the general friendliness of the community. You may be helping to make your town the kind of a place where people want to stay and to which former residents want to come back.

"So try to get ideas into the paper. Write a letter for it once in a while. Don't let the editor do all the thinking for the town. If you publish ideas you will start others to thinking and they rise by just so much the general level of intelligence."

"Encourage the home paper to be a business, social and intellectual center of the community. It will richly pay.

### ADMITTED FREE

All the members of S. A. Hunt Post are respectfully invited to be present at the Chautauqua, Gladstone Park, on "Patriotic Day" July 12th, 1916. The Forum Hour, 11 o'clock a. m., will be given over to the Old Soldiers. Dr. C. E. Cline will deliver the address and the Veteran Male Quartette of Portland, will sing. ## THE TRIP AROUND THE WORLD

The Junior Loyal Son Class of the Christian Church are highly elated over the success of their entertainment last Friday night, entitled "A Trip Around the World."

The boys and their teacher kept the affair a secret and allowed only a few to know any more about it than was printed on the dodgers advertising the entertainment. Many were wondering what was in store and were anxious for the time to come. There were enough people attended to divide them into three different parties under the leadership of an efficient guide. The guides were Messrs. Young, Putnam and Taylor. The journey started from the Christian church and a party left this place every twenty minutes. The places visited were Japan, Germany, Ireland and Boston.

The first place visited was Japan, the home of Mr. and Mrs. Lester Smith. The porch and rooms were beautifully lighted with Japanese lanterns and decorated with Japanese parasols. Here the guests were seated on cushions and served with tea and wafers. Germany, the next stop, which was the home of Mr. and Mrs. Ben Schaefer. The guests were welcomed by German maids and invited to dine upon chicken, noodles and water. The guests were made to feel that indeed they were in Germany. From here they went to Ireland, the home of Mr. and Mrs. Ed. Young, where everyone was invited to kiss the Blarney Stone. It was really funny to see young and old, slender and fat guests bend over the back of the chair and kiss that stone. The menu here was potato chips, crackers, pickles and coffee. The return trip to America landed them at Boston, the home of Mr. and Mrs. W. A. Elder, where were served Boston Baked Beans and Boston brown bread.

Everybody present felt well repaid for their visit to these countries and enjoyed every minute spent during the evening. This is the first effort on the part of the class to endeavor to raise money enough to build a class room.

The Junior Loyal Sons of the Christian church accompanied by E. Young, wife and two daughters, Misses Vivian and Vida, motored to Salem Sunday in the Holford truck. They attended Sunday school at Salem in the morning then motored out to the Young farm on the Garden Road where they enjoyed their lunch, returning home late that afternoon, tired but happy.

J. P. Wilbur of the Wilbur Woolen Mills of this city, was again the successful bidder for a contract of blankets for the state institutions. Although his bid was not the lowest, he received the contract on quality.

The J. M. Ringo home was the scene of a delightful entertainment last Thursday afternoon, when Mrs. Ringo invited in a number of guests in honor of Mrs. J. F. Lau of Albany who is visiting in Stayton.

Chas. Lampman and son Lyle motored to near Portland Saturday. Mr. Lampman returned Sunday but Lyle remained and expects to spend the summer with his uncle there.

Paul Blakely and wife left yesterday for Chadron, Nebraska, where they expect to spend the summer visiting Mrs. Blakely's parents, Mr. and Mrs. Bartlett.

Miss Maggie Sander who has been working in Salem, returned home Saturday, and expect to spend the summer here with her parents, Mr. and Mrs. John Sander.

John Shelly got his foot quite severely hurt at the saw mill one day last week. Dr. Brewer attended to the injury.

## WILL WEIGH MAIL MONTH OF JULY

The rural routes from this place will weigh and count the mail the coming month, July, and the patrons should see to it that every available piece of mail is deposited for their carrier during that time. July is a light month, and this question is one of importance, as if the mail falls below a certain standard, the route is reduced to three times weekly. Route No. 2 will start a daily service on July 1st, and will need as much support as possible.

Anseo cameras take good pictures, call at Sloper's and see pictures of people, places and things you know. Inquire our prices. You can afford to buy one of our cameras.

### SPECIAL AGENT

Edward E. Hanson, special agent of the Western Union Life Insurance Co. of Spokane, Wash., has decided to locate in Stayton and has rented the Cornish house in the north part of town which he and his wife will soon occupy. Mr. Hanson is an up-to-date, energetic young man, and will be a welcome addition to Stayton.

### EASTERN STAR ENTERTAINS MASONS

The Eastern Star of this place pleasantly entertained the Masons in the lodge rooms last Friday evening. The program consisted of music, a talk on lodge subjects by W. H. Hobson, refreshments and conversation. An enjoyable time is reported by all.

The public is invited to attend the service in commemoration of Independence Day.

In the morning the minister will preach on "Jesus Christ The Universal Comforter." E. B. Lockhart, Pastor.

## ACT QUICKLY

Delay Has Been Dangerous in Stayton

Do the right thing at the right time. Act quickly in time of danger.

In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of evidence of their worth. Mrs. W. G. Wildig, 602 N. Third St., Corvallis, Ore., says: "I was so weak and run down that I could hardly drag myself around to do my housework."

My back ached almost constantly and I couldn't stand very long at a time. I was so dizzy that I didn't dare to stoop over for fear of falling. I felt terrible all over, had no ambition and felt tired all the time. In a few days after using Doan's Kidney Pills, I commenced to feel better and that tired aching in my back eased up. After I had taken about two boxes, my back felt as strong as ever. Since then, I have never had any trouble with my kidneys and am enjoying the best of health."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wildig had. Foster-Milburn Co., Props., Buffalo, N. Y.

A new barber arrived in town Tuesday evening. He weighed eight pounds and is the son of Mr. and Mrs. Forrest Mack. Dr. Beauchamp is in attendance.

Mr. and Mrs. Myers of Salem, spent Sunday visiting at the home of Mr. and Mrs. John Mielke. The Myers' and Mielke's were neighbors in Minnesota.

Fred Staples of Juneau, Alaska, who has been visiting for the past week at the grandma Kearns home, left yesterday.

## A REVIEW OF OUR INDUSTRIAL EVENTS

Oregon Still Continues To Get Nearer And Nearer To Coming Prosperity

### MANY NEW ENTERPRISES

Many New Enterprises to Employ Labor, Payrolls and Improvements Increasing all over the State

Salem—The Oregon wage laws are being reargued in the Supreme Court at Washington, D. C. The laws give an industrial commission of the state power for the fixing of minimum rates.

Oregonian on Land Grant bill—Oregon merely has something to look forward to. It is not even certain that the money appropriated for back taxes will be immediately forthcoming. If more litigation with the railroad company grows out of the bill, we may look for benefits about a decade hence.

Portland, Pendleton and Ashland will ask voters to authorize state normal schools.

As a result of conference by traffic managers of three railroads, Willamette Valley lumber manufacturers will have entrance to the markets of Minnesota and the Dakotas through a combination of rates to be applied by the Southern Pacific jointly with the Great Northern and Northern Pacific.

Prof. Gilbert, authority on Economics, finds that the aggregate wealth of Oregon is \$1,944,358,463, about 60 per cent of which is real estate. The rest is public utilities, live stock and manufactures in the ordered named.

Albany will remodel old Central school building for City hall.

Smithfield, Polk County—Farmers Union warehouse to hold 80,000 bushels grain, going up.

Sunday law will stop 30,000 people working for wages one day in seven.

Medford—July 10, voters will pass on \$366,000 bond for S. S. Bullis of Southern Oregon Traction Co. to build railroad to Blue Lodge mines.

Southern Oregon Traction Co. to build railroad to Blue Lodge mines.

Astoria Machine Co. to be enlarged with \$25,000 new equipment.

Baker—Brewery and ice plant start, after long idleness, on temperance drinks.

Merely as an industry utilities and railroads pay about twenty per cent of the taxes, employ about 25 per cent and buy 25 per cent of the lumber cut. Why should not all the people be interested in their prosperity?

Silver Lake Leader slogan—"To help to develop Central Oregon and to give all the aid it can to help out the whole state."

Oregon City—Company formed to develop silica deposit near here.

Southern Everfresh Fruit Evaporating plant to resume. The new buildings recently constructed and large amount of machinery installed represents an expenditure of approximately \$20,000, and gives to Southernlin one of the largest fruit packing concerns on the coast.

Astorian—Last year, for engineers and assistants, the citizens of Astoria spent \$1,000 a month. What have they got to show for it?

Oregon City politicians have not enough to keep them busy and want to put in an electric light and power plant

Burns—Railroad completed to Crane gap and will soon enter valley.

Roseburg—Federal building will be started July 1.

Lakeview—\$70,000 buildings lost by fire to rebuild of brick and stone.

Marshfield—Schooner Westerner loading half million feet cedar ties.

Astoria—McEachren shipbuilding Company will double capacity of plant.

North Powder—Force of men working antimony mine 18 miles north and shipping ore to Summer, Wash.

Why fight industries? Why not encourage all business that employs labor from a bootblack stand to an ocean steamship line? Why allow politicians to get up laws to tax and regulate industries which is their only capital and stock in trade?

Ontario—New track being laid between this city and Vale.
