

GERMAN SUBMARINE IN AMERICAN PORT

U-Liner Crosses Atlantic With Cargo of Valuable Dyestuffs.

KAISER WRITES TO PRESIDENT

Vessel Successfully Breaks Blockade of British Warships—Will Take Home Needed Supplies.

Baltimore—The world's first submarine merchant vessel, the German undersea liner Deutschland, anchored below Baltimore Sunday night, after voyaging safely across the Atlantic, passing the allied blockading squadrons and eluding enemy cruisers watching for her off the American coast.

She carried a message from Emperor William to President Wilson, a quantity of mail estimated at 150 tons and a cargo of 750 tons of costly chemicals and dyestuffs, and is to carry back home a similar amount of nickel and crude rubber sorely needed by the German army.

Sixteen days out from Bremerhaven to Baltimore, the submarine reached safety between the Virginia capes at 1:45 o'clock Sunday morning, by a heavy pall of darkness which settled over the entrance of the bay, with the setting of a tell-tale high moon.

Once inside, the visitor threw caution aside and began shrieking his siren signalling a pilot and at the same time attracting the attention of the tug Thomas F. Timmons, which had been waiting in the lower bay for nearly two weeks to greet the Deutschland and convey her into port.

Little was known here about what happened during the epoch-making cruise across the ocean, which in a small measure at least breaks the blockade on German trade with the rest of the world. None of the submarine's crew had landed and the agents of her owners had received only meager reports. Such information as was available came directly from the pilot and from Captain Hans F. Hinsch, of the North German Lloyd Liner Neckar, laid up here since the beginning of the war.

J. F. Gillies, Washington State Fund Looter, Escapes From Jail

Olympia, Wash.—J. F. Gillies, twice convicted of embezzling \$20,000 from state industrial insurance funds while employed as claim agent for the state, Sunday night pried off two flimsy locks with a bolt as a jimmy and escaped from the Thurston county jail. With him went Henry Roberts, awaiting transfer to the reformatory for a statutory offense.

Prosecuting Attorney Yantis ordered the arrest of Mrs. Gillies on a warrant charging her with aiding the escape of the prisoners. Mrs. Gillies was not locked up, but was taken to the home of a policeman and placed in the care of the officer's wife.

It is believed the prisoners boarded a train bound for Portland.

An automobile is known to have left town about midnight, and it is believed to have taken the two men toward Canada. At a late hour no trace had been reported of either.

Shortly after dark Gillies and Roberts locked an old man held on a minor charge in his cell and pried their way out.

Sheriff McCorkle was at Centralia and James Fennell, County game warden, who occasionally slept at the jail, was out of town.

By sawing off the riveted end of the bolt by which their cell would have been locked, had that precaution been taken, Gillies and Roberts slipped out of the bolt and then sawed the end of it off on the bias to make a chisel point, by which they pried their way out. Gillies evidently let himself from the window to the ground 15 feet below with a blanket.

Yellow Press is Target.

Washington, D. C.—A bill introduced Monday by Representative Campbell, of Kansas, would make it unlawful for any person, company, corporation, press association or newspaper publication to publish or transmit any false report or rumor bearing on the international relations of the United States and tending to injuriously affect peaceful relations with the government or people of any other country.

It was referred to the judiciary committee.

Alaska Sends in Bullion.

Seattle, Wash.—Seven hundred and fifty thousand dollars in gold bullion, the largest shipment received from Alaska this year, was brought here Sunday by the steamer Humboldt, which arrived from Skagway. The gold, the first of the Spring cleanup in interior Alaska, was shipped from Fairbanks by the first steamer up the Yukon and transported to Skagway over White Pass and White Horse, the head of river navigation.

NEWS ITEMS Of General Interest About Oregon

Crop Shortage Will Be Offset by Higher Prices This Year

Washington, D. C.—The monthly bulletin of the Federal Reserve board, issued this week, discussing business conditions of the Pacific Coast, says:

"While the crops of this section will be less than the average, due to damage by late frosts and drouth, the farmers and fruit growers will be protected from loss through the greater prices which they will receive for their products. Peach growers who last year permitted their crops to rot on the trees because of the unprofitable prices prevailing are this year contracting to sell their product, which will be 40 to 60 per cent of the average, at more than double the prices prevailing at the same time last year.

"The damage from the frost to apples and pears in the Northwest has been quite serious and general but the prediction is made that notwithstanding this the year's crop will exceed that of 1915.

This year's grain crop of the twelfth district will be from 20 to 30 per cent less than that of last year. This shortage is due to the unusual drouth which has prevailed during the spring in certain parts of California. A material decrease in acreage is reported from the Northwest. It is asserted that the carry over from last year's wheat crop in Oregon and Washington equals 20 to 40 per cent of last year's crop.

"Mining during the past year has been the most profitable industry within this district. The next most profitable one has been livestock.

"Recent rains in Idaho have greatly benefited the grazing lands. Sheep, wool and cattle are all bringing high prices in all of the states of this district. Dairying is also prosperous."

Representative Sinnott Now Wears Oregon Jackrabbit Fedora

Washington, D. C.—High-grade felt hats can be manufactured from the fur of Oregon jackrabbits. This is no longer a theory, but a demonstrated fact, and Representative N. J. Sinnott, of Oregon, is today proudly wearing the first and only felt fedora ever manufactured in the country from jackrabbit fur.

Last winter Mr. Sinnott discovered that felt hat manufacturers were embarrassed because their supply of German rabbit fur was cut off with the war. It occurred to him that jackrabbit fur might be substituted and he sent to Oregon for a consignment of jackrabbit skins. These he turned over to the largest and best-known hat manufacturers in the East, with the request that they experiment with the rabbit fur and determine its suitability for hat manufacture.

The jackrabbit hat seems to be the equal of any \$5 felt hat on the market. It is of fine, soft texture, smooth to the touch and clear in color and grain. Members who examined it pronounced it a first-class headpiece and one that ought to command a good price in the market.

Mr. Sinnott was told by manufacturers, who entered upon the experiment with some doubts, that the Oregon jackrabbit fur made a much better hat than they had anticipated. He also learned from them that jackrabbits to be valuable for hat manufacture must be killed in the winter months, when the fur is heaviest, and must come from the colder portions of the West.

New Route Proposed.

Klamath Falls.—A new road to shorten the distance from Eugene to Klamath county points and to make a new route for tourists from that section bound for California, is being considered in this city. Arrangements have been completed for taking the question up with the County court next week at its regular July term. The present route from Eugene to Crescent is via McKenzie Pass and Bend, a distance of 170 miles. The proposed route, in connection with the old military road, would make the distance from Eugene to Crescent 109 miles and would have the effect of routing the southern-bound tourist through Crescent via Crater Lake and Klamath Falls and on into California via Tule Lake road, through the Modoc lava beds.

New Coast Line Hinted.

Cottage Grove.—The fact that several routes from here towards the coast have been tentatively surveyed and that it is known that owners of large bodies of timber in the vicinity of Cottage Grove wish to find a cheap way of getting it to market, leads to the belief that a railroad from here in a westerly direction is a possibility of the next few years. The extension of the Oregon Pacific & Eastern in this direction was announced about three years ago, but was abandoned on account of the stringency of the money market.

Record Mortgage Filed.

Astoria.—One of the largest mortgages filed in Clatsop county for many years was recorded this week. It was given by the Crown Willamette Paper company to the Continental & Commercial Trust & Savings bank and Frank H. Jones, of Chicago. It covers all the paper company's extensive timberland holdings in Oregon and California and was given as security for \$6,000,000 in 6 per cent bonds, issued by the company.

NORTHWEST MARKET REPORTS; GENERAL CROP CONDITIONS

Portland.—Hay—Eastern Oregon timothy, \$23@24 per ton; valley timothy, \$18@19; alfalfa, \$14@15. Millfeed—Soy, prices: Bran, \$26@26.50 per ton; shorts, \$29@29.50; rolled barley, \$31.50@32.50. Corn—Whole, \$37 per ton; cracked, \$38.

Sheep—Yearlings, \$6@6.50; wethers, \$5.50@6.50; lambs, \$6@8.25.

As Wheat Season Advances More Grain Bags Are Needed

Portland.—There is more inquiry for grain bags now than at any time this season. Sales are not much larger but buyers are showing decidedly more interest in bags, and sellers believe an active market is not far off. It is the improvement in crop conditions in the Northwest that is causing the inquiries to increase. The rains of the past fortnight have led all grainmen to raise their estimate of the wheat crop and they are now figuring on a yield of 10,000,000 to 15,000,000 bushels larger than they expected early in June. This condition naturally has produced a firmer bag market. Local quotations are still around the 12-cent mark, but there is not the probability of a decline that dealers faced a short time ago.

The entire coast crop is growing in size and there are no more bags in sight than there were. As a California authority expresses it, for every bag in sight two will be needed. In California, as here, there has not been much buying by farmers in anticipation of crop needs, but this is a condition that cannot last much longer. Much was heard earlier in the season of bulk handling of grain, but it is evident now that there will be but little relief for the situation on this score.

Road Increases Capital to a Million.

Chehalis, Wash.—The Cowlitz, Chehalis & Cascade railway company in supplemental articles of incorporation has increased its capital stock from \$100,000 to \$1,000,000. The name of the company has been changed to read as above, instead of the Chehalis, Cowlitz & Cascade. The company has a large crew at work all along its 22 miles of projected line rushing its work and expects to have the road completed to four miles southeast of Onalaska, near Salkum, by fall. The Chehalis Mill company has its plans all completed now to push work on its new 75,000 sawmill in South Chehalis at once.

Sales Plan is Success.

Kennewick, Wash.—Encouraged by the success of the Kennewick-Richland Marketing union, which shipped and sold this year 95 per cent of the strawberries grown in this region at an average price to the grower of nearly \$3 per crate of 24 pints, the growers at a public meeting here last Saturday perfected plans for a similar permanent organization to handle the raspberry crop, asparagus, gooseberries, cherries, early potatoes, and, possibly, the peach, pear and apple crops. New by-laws and constitution were approved.

Some Grant Crops Damaged.

Canyon City, Ore.—Unsettled weather conditions have prevailed throughout Grant county for the past two weeks. Considerable rain has fallen and has caused damage to some crops and has caused inconvenience to sheepmen, who are in the midst of shearing operations. The first crop of alfalfa is ready, but owing to the weather conditions, the farmers are delaying the cutting until good curing weather.

Hub—Um! It looks to me like two weeks' salary!—Boston Transcript.

HEAT FLASHES, DIZZY, NERVOUS

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va.—"After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had headaches during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and my friends say my remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dizziness, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

Kitchener's Work for the Empire.

Kitchener will be remembered for four great constructive works of organization, carried out in Egypt, South Africa, India and England. In each case his work was creative and revolutionary in conception, and carried out with the utmost precision in every least detail. No man touched the world-extended British Empire at more points, or touched it with such decisive, fateful effect. It may be said, indeed, that the integrity of the Empire, in the twentieth century, is the work of Kitchener. Four dangers arose, in regions separated by vast continental spaces; in each region, Kitchener met the danger, piercingly diagnosed the cause, patiently and courageously overcame it. Every honor within the power of his countrymen to give him was offered to Kitchener; yet all honors fall short of his immense attainment.—From "Kitchener of Khartoum," by Charles Johnston, in the American Review of Reviews for July, 1916.

Guardsmen to Be Aided.

District Forester George H. Cecil, Portland, Ore., has received the following telegram from the Chief Forester, Henry S. Graves, Washington, D. C., in reference to employees of the Forest Service who belong to the National Guard: "Forester desires to aid employees who are members of the National Guard to fulfill their military obligations. For this purpose he will approve applications for leave and will so far as possible consistent with civil service rules and future appropriations, assure them restoration to present positions after completion of service in the army. Please report immediately approximate number of employees in district who are members of Guard and will probably request leave in response to the President's call."

Better.

Two suitors had striven for the hand of Mary Murphy. One was Doonan, a prosperous grocer, and he was backed up by Pa and Ma Murphy; the other was a handsome young clerk, and he was backed up by Mary.

On the morning of her first birthday after the wedding day Mary called to see her parents, and proudly showed them a pretty little gold watch which her husband had given her.

But Mrs. Murphy sniffed contemptuously. "That's very nice," she said disapprovingly; "but if ye'd only taken the advice of yer father and me, 'tis not a gold watch ye'd be havin' in yer pocket, but a good eight day clock!"

NEW MODERN DANCING.

E. Fletcher Hallam, the leading Dancing Expert and Instructor in New York City, writes: "I have used ALLEN'S FOOT-EASE, the foot powder to be shaken into the shoe, for ten years, and recommend it to all my pupils. It cures and prevents sore feet. Sold by all Drug and Department Stores, etc. Sample FREE. Address, Allen S. Olmsted, Le Roy, N. Y."

Even.

A popular London clergyman was once staying a few days at a country house with some friends. On the Monday morning he was playing tennis with a young man he could usually beat, but for some reason or other the clergyman was not in form, and was faring badly.

Between games he remarked to his opponent, "I simply can't stand your service today!"

"Then we're quits!" was the cheeky reply; "I couldn't stand yours yesterday!"

Natural Expectation.

"Where's your aeroplane, Mr. Smith? I looked out in the front street and in our backyard, but I couldn't see none."

"Why, I have no aeroplane, my boy. What made you think I had?"

"Didn't you tell pa you came here to see him on a flying visit?"—Baltimore American.

Rubbing for a Kiss.

The young husband halted at the gate and retraced his steps. "Did you come back for another kiss, dear?" inquired the bride.

"Well, I'll take another kiss, but what I came back for was my rubbers."—Brooklyn Citizen.

The manufacture of tanks, silos, wood pipe and conduits ranks third among the wood using industries of Oregon. High grade Douglas fir is the chief wood serving the needs of this industry.

Misplacing the Blame.

"O-o-o-o-h! Bo-o-o-h-o-o!" As the childish wail rang through the house the anxious mother sprang to her feet. Rushing into the hall she met her little daughter coming in from the garden and carrying a broken doll by the leg.

"What's the matter, darling?" she asked tenderly.

"O-o-o-h, mo-o-ther," howled the child. "Willie's broken my do-ill!"

"The naughty boy! How did he do it?"

"I—I—I hit him on the head wiv it!" was the slow response.—Pittsburgh Chronicle-Telegraph.
