This is the only positive cure now known to the medical fraternity, Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. ## James J. Corbett

by Walt Mason

Once there were giants in the land, men who could scarp to beat the band. In modern times the cheapest skates are known as champeen heavyweights, but long ago, when Jim was young, men didn't fight with jaw or lung, but used their fists, and used them well—brave days of Jackson and John L! They slugged away, while they could stand, when there were giants in the land. And Corbett won his laurels then, among those mighty fighting men. He was the champion when that meant something more than getting fat, and standing, in a graceful pose, to figure in the movie shows. He's an authority on sport, and his decrees the wise ones court. He's an authority on smokes, and as his trusty pipe he stokes, he often says, "Tuxedo's best; it has the edge on all the rest."

JAS. J. CORBETT  
Famous Prizefighter and Actor,  
says:  
"My enthusiasm for the fragrance and mildness of Tuxedo has no limit. Tuxedo is without doubt the most satisfactory pipe tobacco."  
Joe Corbett
