CORROBORATION

Of Interest to Stayton Readers

For months Stayton citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills, by residents of this locality.

Would these prominent people recommend a remedy that had not proven reliable?

Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement?

The following statement should carry conviction to the mind of every Stayton reader.

Mrs. M. Custer, 615 E. Third St., Albany, Oregon, says "I had an acute attack of kidney complaint, caused by a cold settling on my kidneys. It made me so weak and lame that I could scarcely move around the house. The kidney secretions were too frequent in passage. Doan's Kidney Pills cured me." Statement given February 6, 1906.

At a later date, Mrs. Custer said: "Doan's Kidney Pills have done me a world of good, and I will always recommend them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Custer has twice publicly recommended. Foster-Milburn Co., Props., also, N. Y.

The Brode Club will meet with Mrs. H. Lilly next Wednesday night, Aug. 2.

WILL BUILD NEW OFFICE

Dr. W. N. Pintler will have a new dental office erected north of his Third street bungalow, just north of the Salem ditch. The building will be 16x24 and will be modern in every respect. Murphy & Lampman will do the work.

KEEP GOING UP.

One who climbs a steep hill seldom falls, however laborious the climbing may be, while the man who runs down a hill, easy though the path, often comes to grief.—Ekken.

Very Considerate.

One rather cool evening the good minister of a certain church was eloquently addressing his congregation on the beauty of leading an upright life, when he suddenly paused, glanced round the building and beckoned to the sexton.

"Jones," said he as the sexton approached the pulpit, "open a couple of windows on each side of the church, please."

"Beg your pardon, sir," returned the sexton, with a look of surprise. "Did I understand you to say open the windows?"

"Yes," was the cold, hard rejoinder of the minister. "It is not healthy to sleep with the windows shut!"

Nonsense.

"A little nonsense, you know, is relished by the best of men."

"Yes," replied Senator Sorghum. "But some of us get so proud of our own particular product that we want it taken seriously."—Washington Star.

Christy Mathewson by Walt Mason

When Christy's dead a hundred years, the fans will still discuss his play, and sigh, while shedding briny tears, "There are no men like him today! He used the brains behind his brow, and gave the foe a grievous jar; the chroniclers have told us how he was for years and years a star. Great pitchers came and cut some grass, and died, and then forgotten were; he saw them come, and saw them pass, and still kicked up a mighty stir." The chroniclers will also tell how Christy, when a game was played, filled up the pipe he loved so well, to soothe his nerves, all tired and frayed. He smoked Tuxedo every time, the critic's smoke, the mild and rare, Tuxedo fragrant and sublime, the cool, sweet smoke beyond compare.

The readers of this paper will be pleased to learn that there is at least one broad-based science that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
