Gophers Killed With Automobile Fumes.
Using automobiles as gopher killing machines is the novel service to which cars have been put by Oregon farmers who have set about to kill gophers, and other burrowing animals that damage their crops. A car, preferably one that is light, is driven into the field where the gophers live. The engine is allowed to continue running and one end of a hose is attached to the exhaust while the other end is inserted in a gopher hole and packed about with a cloth and a little dirt. In a short time the fumes penetrate the various passages and issue from other holes. These are then plugged up; after this has been done the gases penetrate to the remotest chamber, and the inhabitants are suffocated.—From the August Popular Mechanics Magazine.

PLACED BOMB KILLS 6 VIEWING PARADE

Timed Blast Deals Death on Crowded San Francisco Sidewalk.

LETTER OF WARNING RECEIVED

Innocent Bystanders Slain by Work of "Exiles From Militaristic Government."—Reward.

San Francisco—At least six persons were killed and 42 or more injured by the explosion here Saturday of a timed bomb in the midst of a throng viewing a preparedness parade. The police arrested Frank Josephs, a lodger in a sailors' boarding-house, but said he had not been charged with the crime. Charles M. Fickert, district attorney, issued a statement attributing the deed to a mind unbalanced by arguments for and against preparedness, which have occupied attention here. The parade was not interrupted. Lists of dead compiled by the police are:

Mrs. Howard E. Knapp, Alameda, Cal.
Dr. George Painter, Berkeley, Cal.
O. H. Lamborn, printer, Alameda.
George Lawler, Mill Valley, Cal.
The explosion took place at Steuart and Market streets, two blocks from the Ferry building, on San Francisco's main thoroughfare. The bomb, concealed in a suitcase packed with cartridges, bullets, marbles, bits of glass, iron pipe and scrap iron, blew a gap through the crowd, hurling men, women and children to the ground.

The holiday throng, cheering a contingent of veterans of the First California Infantry of the Spanish-American war, and members of the Grand Army of the Republic who were forming in Steuart street, stood in a path which became a shambles. The blast of drums drowned the cries of the injured. The sidewalk was strewn with torn bodies, spattered with blood.

All the newspaper offices in San Francisco received a communication written in Roman script, with an indelible pencil, many of the words being heavily underlined. The communication was signed "The Determined Exiles from Militaristic Government, Italy, Germany, U. S., Italy, Russia." In several instances the writer repeated himself. The communication read:

"Editor: Our protests have been in vain in regards to this preparedness propaganda, so we are going to use a little direct action on the 22d, which will echo around the earth and show that Frisco really knows how and that militarism cannot be forced on us and our children without a violent protest. "Things are going to happen to show that we will go to any extreme, the same as the controlling class, to preserve what little democracy we still have. Don't take this as a joke, or you will be rudely awakened. Awaken (sic). We have sworn to do our duty to the masses and only send warnings to those who are wise, but who are forced to march to hold their jobs, as we want to give only the hypocritical (sic) patriots who shout for war, but never go, a real taste of war."
"Kindly ask the Chamber of Commerce to march in a solid body, IF THEY WANT TO PROVE THEY ARE NO COWARDS. A copy has been sent to all the papers. Our duty has been done so far."

\$5000 Reward Offered.

San Francisco—Mayor Rolph offered a reward of \$5000 Sunday for the arrest of the person who placed a bomb Saturday among the crowds watching the preparedness parade, the explosion of which killed six and wounded 40, and the police department established a separate bureau for the single purpose of running down the culprit.

As the result of police investigation, several possible clues to the perpetrator of the outrage were obtained. William Taylor, an aged cripple, who frequents the waterfront, told the police that he saw a man leave a suitcase on the spot where the explosion occurred a few minutes later.

Japan Gets Russian Line.

San Francisco—For \$7,000,000 Japan has acquired from Russia 75 miles of the main-line railroad through Southern Manchuria, according to reports received Monday by Japanese residents of this city. The concession was paid for, the reports said, in war munitions, including airplane motors valued at \$1,000,000, manufactured in Berkeley, Cal.
The firm of Mitsui & Co., was credited with having engineered the deal, knowledge of which was denied by the Japanese consulate here.
Millions to Be Burned.
Mexico City—Fifty million dollars in Mexican paper money will be burned within the next few days in the courtyard of the National Palace, according to an announcement by the government Saturday. This money is of the old Vera Cruz issue and has been supplanted by a new issue made in the United States.
It is said that \$225,000,000 in paper money will be disposed of in this way during the next few weeks.

He Didn't Suffer From That.
A good story is being told concerning the head of Cox's, the famous army bankers and a young officer client.

The subaltern called one day and asked the cashier to let him have an overdraft of 50 pounds. "I am very sorry, Lieutenant Blank," was the answer, "but your account is already overdrawn 100 pounds, and, you see, we have no security, except your life."

But Lieutenant Blank was not to be put off like this and demanded to see the head of the firm. To him he repeated his request. The banker was courteous, but firm. "I am afraid, as the cashier says, we have no security for any further advance," he explained. "You might get killed, you see, and in that case we shall lose what we have already let you have."

The subaltern regarded the banker with a scornful stare. "Oh, all right if you won't," he said haughtily. "But—scathingly—"let me tell you this—you're bally well losing your nerve."—Pearson's Weekly.

His Only Chance.
A short time ago on the shooting range a recruit was taking a lesson in firing, but not with very promising results. After repeatedly failing to hit the target at 300 yards, the instructor tried him at 200, with the same result. He then decided to try him at 100 yards, but the results were even worse than before. Losing all patience, the instructor exclaimed in disgust: "Fix your bayonet and go and stand the wretched thing; it's your only chance!"—Toronto Mail.

WOMAN HAD NERVOUS TROUBLE

Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I have also had my oldest girl take it and it did her lots of good. I keep it in the house all the time and recommend it."—Mrs. DEWITT SINCEBAUGH, West Danby, N. Y.

Sleeplessness, nervousness, irritability, backache, headaches, dragging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound

Washington's 1916 Apple Crop
Estimated at 16,000 Carloads

Spokane, Wash.—Sixteen thousand cars is the estimated apple crop in the state of Washington this year. This is 3000 cars in excess of the yield of 1915. The peach yield is placed at 1063 cars, pears 1239 cars, and plums and prunes 395 cars.

R. G. Page, president of the Arcadia Valley Fruit Growers' association, announces that plans are being drawn for a storage warehouse to be built near Deer Park this season. The building will be 100x100 feet, of reinforced concrete construction.
Announcement is made by J. M. Balfour that the Balfour-Greely Grain company will establish a plant here to store, clean and grade Montana wheat. The first unit will cost \$15,000. The company's plan is to bring wheat to the Spokane plant from all the railroads reaching into and through Montana, and to supply cleaned and graded wheat to the mills of the Inland Empire and to the Coast for export and to the East. The Montana crop amounted to 40,000,000 bushels last year.

Parable of the Sugar Bowl.

If there is just so much available fertility in an acre of soil and you use part of it in making a corn crop, part in an oat crop, part in wheat, and another part in grass, and then begin the rotation over again and keep selling off the larger part of it all the time, you are like the housewife who has a bucket of sugar and dips out one day with a teaspoon to make a cake; another time fills the sugar bowl and another time dips out with a spoon to sweeten lemonade or make cookies, without the bucket being refilled. — Green's Fruit Grower.

54,478 File for Land.
Spokane—The last week of the Colville land registration began here with a rush, notaries in the two booths being kept busy registering many land-seekers from out of the city.

At the six registration cities in Eastern Washington, up to noon Monday, 54,478 persons had paid the Federal government 25 cents each for the privilege of participating in a drawing here July 27. Most of the outsiders that have registered at both places are from Montana and Oregon. Few came from great distances.

Montana Wool High.
Billings, Mont.—The largest clip of wool in Eastern Montana has been sold to a Boston firm at the highest price on record, 34 1/2 cents a pound being reached in this transaction. George Herd, of this city, has sold his clip, estimated at between 240,000 and 250,000 pounds, to Claude Ketchum, representing a Boston house.

The Herd clip is particularly attractive because of its long staple and uniform character.

University Loses Four Million.
New York—Columbia University loses a bequest of \$4,000,000 under a verdict by a jury setting aside the will of the late Amos F. Eno. This amount represented Eno's residuary estate, which his relatives assert he willed to the institution while of unsound mind.

A Hint.
Mayor Smith of Utica was urging a municipal reform.
"It will best be put through by gentle methods, by hints and suggestions," he said. "Hints and suggestions are often more efficient than heroic measures."
"A man in a barber chair had a big claw on his watch chain."
"Bear's claw?" said the barber.
"Yep."
"Was it a big bear?"
"About as big as a two-year-old steer."

"My goodness, sir, how many balls did it take to kill him?"
"None."
"My goodness, did you kill him with a knife?"
"No."
"Then—then, er—"
"I talked him to death," said the man in the chair significantly.

"Did they put it in the steerage?"—Baltimore American.

Watchful Waiting.
"Doing anything now, Sam, to help your wife?"
"Oh, yes, sah."
"Getting washing for her?"
"Oh, no, sah."
"I suppose you carry home the washing after she does it?"
"No, sah; I doan do that."
"Well, what do you do, Sam?"
"Why, I stay home and watch de house while she delivers d' washin', boss."—Yonkers Statesman.

A Famous Physician's Wonderful Discovery

After a series of careful experiments and tests at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., covering many years—Dr. Pierce, the medical director of that hospital made an announcement that he could prove that a medicine which he called "AN-URIC" was the best uric acid solvent now to be had. As a remedy for those easily recognized symptoms of inflammation—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly "Anuric" acts; causing the pains and stiffness rapidly to disappear.
Swollen hands, ankles, feet, are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.
It is just as necessary to keep the kidneys acting properly as to keep the bowels active.
The very best possible way to take care of yourself is to take a glass of hot water before meals and an "Anuric" tablet. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a tonic effect in rebuilding those organs.
Step into the drug store and ask for a 50-cent package of "Anuric," or send Dr. Pierce 10c. for trial pkg. "Anuric"—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.
