We could claim 41 1-2 Horsepower and probably you wouldn't know the difference

"HORSEPOWER" is a misleading phrase. It is sometimes wrongly used to carry the idea of something unusual, exceptional—some startling innovation.

We don't claim anything we can't prove. We don't mislead by reference to a technical subject you don't understand.

We've got something real to talk about. Examine the Maxwell car—its complete equipment. Note the attractive appearance. Consider its reputation and its unequalled record for performance.

The price includes all the horsepower you need to take you anywhere and as fast as you want to go.

THIS IS CERTAIN

The Proof That Stayton Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time. Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Grateful endorsements should prove undoubtedly the merits of this remedy. Years ago people right in this locality testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say that time has completed the test.

Joseph Wint, retired blacksmith, 668 High St., Salem, Ore., says: "My back and kidneys bothered me. My kidneys were disordered and my back seemed to lose strength. Doan's Kidney Pills soon put me right." (Statement given December 12, 1912.)

LASTING RESULTS.—On April 11, 1916, Mr. Wint said: "I haven't had any kidney trouble for several years and I give Doan's Kidney Pills credit for bringing lasting results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wint has twice publicly recommended. Foster-Milburn Co., Props., also, N. Y.

Welsh Red Indians.

Eight or nine hundred years ago a band of adventurous Welshmen landed on the American coast and planted a colony. They never went back, and, according to Mr. James McLaughlin in "My Friend the Indian," "became in some sort the ancestors of a tribe of Indians, for the Mandans are thought by some writers to be the descendants of the lost Welshmen. Some philologists have endeavored to prove this to their own satisfaction, and it is said that the Mandans to this day retain in their vocabulary a great many distinctly Welsh words. And for hundreds of years they maintained physical and mental characteristics that have raised them above their fellows."

Luck.

"There's one thing I've noticed about good luck."

"What is it?"

"It falls oftener to the men who use good judgment."—Detroit Free Press.
