The Ultimate Consumer. Little Sister—I would laugh if I got a nice box of candy for my birthday. Big Brother—So would I. Little Sister—But why would you laugh? Big Brother—Because I'm bigger than you are.—Judge.

Music. It by no means follows that the person able to play a piece of music accurately is able also to sing correctly. Tune, like genius, is a gift of the gods, and many who are fine players, having mastered the notes mechanically, would cut a most ridiculous figure should they attempt to sing offhand even the commonest song, just as many who can sing with beautiful tone are quite unable to play on the instruments according to the scales.—New York American.

Prince Albert gives smokers such delight, because

- its flavor is so different and so delightfully good;
- it can't bite your tongue;
- it can't parch your throat;
- you can smoke it as long and as hard as you like without any comeback but real tobacco happiness!

On the reverse side of every Prince Albert package you will read: "PROCESS PATENTED JULY 30th, 1907" That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

In goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say—so on the national joy smoke?

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

This is the reverse side of the Prince Albert tins. Read this "Patented Process" message to you and realize what it means in making Prince Albert so much to your liking.

THAT WHICH LASTS.

"The only thing that walks back from the tomb with the mourners and refuses to be buried is character." That is true. What a man survives him. It never can be buried. It stays about the home when his footsteps are heard there no more. It lives in the community where he was known; hence we should take care to build into our character only good and beautiful things.

How Tortoise Shell is Worked.

The soldering of two pieces of tortoise shell together is effected by means of hot pinchers, which, while they compress, soften the opposed edge of each piece and amalgamate them into one. Even the raspings and powder produced by the file, mixed with small fragments, are put into molds and subjected to the action of boiling water and thus made into plates of the desired thickness or into various articles which appear to have been cut out of a solid block.

The Lavish Jenkins.

In October, 1886, a religiously minded Buckinghamshire farmer named Jenkins brought his firstborn to the parish church to be christened, and this was to be the name: Abel Benjamin Caleb Daniel Ezra Felix Gabriel Haggal Isaac Jacob Kish Levi Manohah Nehemiah Obadiah Peter Quartus Reclab Samuel Tobiah Uzziel Vanlah Word Xystus Zechariah. It will be observed that the names are all arranged in alphabetical order and are as far as possible selected from Scripture. It was only with the very greatest difficulty that the clergyman dissuaded Mr. Jenkins, but eventually it was decided to christen the boy simply Abel.—Chambers' Journal.

No Rest For Mamma.

As bedtime comes and curtains fall my irksome cares seem put to rout, as worn and weary into bed I crawl from my household duties tired out. But, as snug between the sheets I lie, and heavy lids have ceased to wink—from baby's crib there comes a cry, "Mamma, please det me a dwink."—Indianapolis Star.

The Richest Language.

Of the 3,420 languages spoken by mankind the completest and noblest is the English. Of this mighty language Grimm, the famous German philosopher, wrote, "The English tongue possesses a veritable power of expression, such as perhaps never stood at the command of any other language of man."—New York American.

The Cause.

Hokus—Those girls used to be dear friends, and now they scarcely speak. Pokus—What's his name?—Life. **More Than a Turn.** "Did you win the argument?" "I should say so. Why, when I finished, my opponent couldn't say a word." "You did him to a turn, eh?" "To a taciturn."—St. Louis Republic.

He Took It. "I hear you were held up and relieved of your watch." "Yes." "What did you say to the fellow?" "I tried to be smart. 'Take it from me,' I said." "What did he say then?" "Never said anything. Just walked off."—Richmond Times-Dispatch.

KEEP IT IN MIND.

Never mind if you cannot at once obtain the thing you long for. No matter how far away or impossible it may seem, keep your mind fixed on it. There is magnetic power in focusing the mind on the thing we long for. Ways we never dreamed of before will open up in a marvelous manner.

So He Would.

The keeper was feeding the pythons. Several live rabbits were tossed into the cage and were immediately and greedily seized by the reptiles. The struggling rabbits, although seemingly almost as large as the snakes, were swallowed whole one after another. The ghastly sight prompted the scholarly looking man to exclaim, "Grew some, eh, keeper?" The keeper turned a glance of scorn upon the professor. "Yes, and you'd 'a' grew some, too, if you'd 'a' that live stock, I guess."
