## 308 X YES IS A VOTE FOR YOUR CHILDREN

### ONE NORMAL NOT ENOUGH

Oregon has but one Normal School. This school is located at Monmouth. Excellent as is the work of this school it is utterly unable to supply but a small part of the need for trained teachers for the State.

Of more than 6,000 school teachers in the public schools of Oregon, but 13 per cent have been trained for their profession of teaching in Normal Schools. It is a well established fact that our one Normal School cannot supply the needs of the entire state. That is why we ask for your work and vote for the proposed Eastern Oregon State Normal School at Pendleton, Oregon.

### GIVE EASTERN OREGON SQUARE DEAL

Eight counties in the Willamette Valley have employed during the past five years, 203 teachers who have graduated from the Monmouth Normal as against 39 Monmouth Normal School graduates for the eight leading counties of Eastern Oregon.

During the past five years the attendance of students from nine Willamette Valley counties was 877 students as against 91 students from nine of the leading counties of Eastern Oregon.

Owing to the crowded condition of our one Normal at Monmouth and also the distance and expense of attending, students from Eastern Oregon are compelled to go to neighboring states to secure their training as teachers.

### ONLY COSTS 4 CENTS PER \$1,000

The annual maintenance cost of the proposed State Normal School in Eastern Oregon amounts to but one 25th of a mill or 4 cents on a thousand dollars of taxable property. Isn't it worth this to have your children trained to become useful and productive citizens?

### STRONG ENDORSEMENTS

Among those who strongly endorse the establishment of the proposed Eastern Oregon Normal School are Governor Withycombe, J. H. Ackerman, President of the Monmouth State Normal; W. J. Kerr, President of the Oregon Agricultural College; P. L. Campbell, President of the State University; Robert C. French, former President of the Weston Normal, and practically all of the leading educators of the State. J. A. Churchill, Superintendent of Public Instruction, voices the sentiments of those who are most familiar with the need of more adequate Normal facilities when he says:

"Oregon's greatest need for its rural schools is the teacher who has had full preparation to do her work. Such preparation can best come through Normal School training."

"I trust that the voters of the state will assist in raising the standard of our schools by establishing a State Normal School at Pendleton. The location is central, the interest of the people of Pendleton in education most excellent, and the large number of pupils in the public schools will give ample opportunity to students to get the amount of teaching practice required in a standard normal school."

All the above educators insist that a Standard Normal School must be located in a town of 5000 or more population and having enough grade pupils for teaching practice.

### VOTE RIGHT

By voting YES for No. 308 you will help to give to the school children of Oregon the same advantages enjoyed by the school children of our neighboring states. Vote YES for No. 308.

Eastern Oregon State Normal School Committee

By J. H. Gwinn, Secy., Pendleton, Ore.

The Word Slave.  
The word "slave" originally meant "noble," being, in the first place, "Slav," one of the Slavonic race.

## ACKERMAN IS FOR PENDLETON MEASURE

HEAD OF MONMOUTH NORMAL  
SAYS ONE SCHOOL CANNOT  
SUPPLY DEMAND FOR TEACHERS.

Monmouth, Ore.—"A careful analysis of the situation will convince any one that Oregon needs a Normal School in Eastern Oregon and also one in Southern Oregon," said J. H. Ackerman, President of the State Normal School at Monmouth. "It is a well-established fact that a centrally located Normal School cannot supply the needs of the entire state. The need of a Normal School in Eastern Oregon is readily proved by the most cursory investigation of the list of our students and the list of our graduate teachers. The estimated population of our state in 1914 was 795,587. Take for example the eight Western Oregon counties, Clatsop, Clackamas, Benton, Lane, Linn, Marion, Polk and Yamhill Counties. Their population for 1914 was 214,608, or less than 27 per cent of the total population of the state, yet 50 per cent of the graduates from our Normal School for the past five years are teaching school in some one of these eight Western Oregon counties. There are 35 counties in the state, yet eight of these counties are getting half of the benefit of the teachers for which all of the counties pay the taxes.

Here is the list. During the past five years we have supplied the following graduates as teachers to these counties: Clatsop, 18; Clackamas, 20; Benton, 25; Lane, 36; Linn, 28; Marion, 28; Polk, 25; and Yamhill, 20. In other words, 203 of our 407 teachers who have secured places in the public schools in Oregon during the past five years, have gone to these eight Willamette Valley counties.

Now take eight typical Eastern Oregon counties and see if they have secured their proper share of teachers with Normal training. During the past five years we have supplied Normal graduates as follows to these Eastern Oregon counties:

Baker, 9; Grant, 1; Harney, 4; Malheur, 2; Morrow, 4; Umatilla, 10; Wallowa, 7; and Wheeler, 2.

The eight Willamette Valley counties had 203 Normal teachers as against 39 Normal teachers for the eight Eastern Oregon counties. Eastern Oregon received less than 10 per cent as against Western Oregon's fifty per cent.

# Public Sale

Having rented my farm, I will offer at public sale at my place, 2 mi. Southeast of Jordan store and 8 mi. East of Scio

## Wednesday, Sept. 20th.

Sale Commences at 10 a. m.
