Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but *you know* that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, *without a regret!* You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man who knows what can be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!

Maxwell

\$595

The world's record—twenty-two thousand and twenty-two miles without stopping the motor—is held by a Maxwell stock touring car.

NO other car at any price has ever approached this wonderful record of endurance.

In addition to this proven sturdiness, remember that the Maxwell averages between 25 and 30 miles per gallon of gasoline.

Moreover, the Maxwell is complete. It has electric starter and lights; demountable rims; one-man mohair top; speedometer; roomy, comfortable seats and an attractive appearance.

Are you particular about details? Do you demand evidence of value? If so, you will investigate the Maxwell, the features, record and reputation of which proclaim it the world's greatest motor car value.

- 2-passenger Cabriolet, \$865
- 2-passenger Roadster, \$530
