OREGON INDUSTRIAL REVIEW

A Record of Industrial Development in any State will do More to Attract Capital than Anything Else. Let the World Know what Oregon is Doing in This Line

Grants Pass, Utah-Idaho Sugar Co. announces another voluntary raise of 50 cents per ton on sugar beets which is an advance of \$1.00 per ton over the rate established in the contracts as originally signed. Isn't such an industry a great asset to a community?

St. Helens, Shipyard here will erect enormous sheds to enable ship building to continue throughout the winter.

St. Helens, Negotiations reported of big timber deal which would mean new logging R. R. and large mill on Columbia.

Oregon's total registration is 12,000 less than in 1914.

Portland, England buys two shiploads of flour at \$7.80 and one Chicago firm bought 1,000,000 bushels of wheat paying \$1.55 for bluestem, Portland delivery.

Eugene, Oregon Power Company, voluntarily reduces its gas rate here and in Springfield nearly one half, to stimulate use of gas.

Portland, New ship company to start work at once on contracts for four ships involving \$4,000,000 for Norwegian interests.

Eugene, Loganberry juice factory being promoted here.

Union Pacific system calls for bids on 2500 freight cars using 15,000,000 feet of lumber, specification requiring all lumber to be purchased from Union Pacific territory in Oregon, Washington and Idaho.

According to last published figures, every man, woman and child in Oregon will this year pay \$30 tax for state, county, city and schools, the state tax being only about \$3 of the \$30. This shows where tax burdens must be trimmed.

Eugene iron works will enlarge that industry by adding shops 40 by 68 feet.

Portland bank clearings one week total \$19,338,931, largest for any one week since establishment of clearing house.

Brandon, N. Y. syndicate takes over extensive mining claims in Coos and Curry counties.

S. L. Henderson, Ass't. Atty. General of State of Washington and ex-trainman says the Adamson law is purely a minimum wage law and when fully worked out will reduce present wages of many railroaders.

Cove, 40 carloads prunes shipped to date.

Corvallis, Electrification of S. P. west side line now complete between here and Portland except from Independence to McCoy where crews are at work.

Astoria, Altoona Packing Co. contemplates erection of cold storage plant.

Marshfield, Eastside grants franchise to Oregon Power Co.

Southerlin, building small sawmill to cut ties for new railroad.

Brandon, Portland offers co-operation in building vessel to ply between the two ports.

Hermiston, Construction Co. employing 100 men about half through widening government feed canal.

Portland, eastern architect on construction of new Portland auditorium objects of Willamina brick on slight variation of color and wishes to send \$80,000 out of Oregon.

Dallas, Prune packing plant is operating at full capacity and the biggest season in years is anticipated.

Portland's delinquent tax list largest in history, 75 per cent of total.

In order to establish a new ship yard in Portland, it was necessary to temporarily vacate the stub end of an unused street. In answer to the usual kickers, the business men on the city commission said, "give them whatever this want, it means more payrolls for the city, the street can be taken back later."

Willamina, New sawmill to be built on Yamhill near here.

Hood River, Wittenburg-King Co. of the Dalles contracts for 5,000 tons lower grade fruit from Apple Association at \$10 per ton. Local vinegar company increases capacity. Fancy Fruit Co. making confections from canned fruit.

In connection with building the new railroad in Eastern Oregon, Robert E. Strahorn said: "I hope the people of Oregon will make it as easy as possible to get capital to come here to do the work. We should not discourage capital to hostile legislation, such as the so-called 'land and loan' bill. If that measure passed, I'm afraid it will be impossible to get money for the road that means so much to Oregon."

To Get Best Results With Potatoes.

It is amazing how few even good cooks and still fewer housewives know of the following aid in cooking:

Never put salt in the water when boiling potatoes. When entirely done, drain, shake in the air for a second, then sprinkle generously with salt and return to a slow fire. This makes even a poor variety palatable. If you doubt it, just try it one day. --New York Sun.

Temporary Inconvenience.

"I thought you were going to improve conditions," said the impatient man. "I don't see what you've done, except to get a lot of people kicking."

"A social condition," replied the reformer. "Is like a street. In order to improve it, you always have to muck it up for a little while." --Washington Star.

Poor Pa!

Tommy--Do you go to bed very early. Mrs. Graymare? Mrs. Graymare--Yes, Tommy, sometimes--when I feel tired. Tommy--You wouldn't go so early if you were married to my pa, would you? Mrs. G.--Oh, Tommy, you funny boy, why not? Tommy--Cos my pa told my ma that if he were your husband he'd make you sit up! --Brooklyn Citizen.

Paying the Incas.

The rural Indians of Peru still believe in "paying the Incas," for fear that their crops will fail if the ancient observances are neglected. Burnt offerings of drugs and aromatic plants are still made and small images are buried in the fields for the benefit of the crops and the herds. Such are the stone carvings, called mullu or piedras de Churasan, that are still sold in the native market of La Paz, Bolivia. --National Geographic Magazine.

Soon Fell Out.

"So you have been camping with a party of friends?" "Well," replied the man who tries to speak the truth and nothing but the truth, "we were all amiable enough when we started, but I can't say we were a party of friends when we got back home." --Birmingham Age-Herald.

Will Take Time.

"Can you shave me in ten minutes?" asked the customer. "No, I can't," replied the barber. "Why not?" "Cause I've got too much to tell you." --Yonkers Statesman.

THE GOOD JUDGE GETS POSITIVE INFORMATION

JUST put it up to a gentlemanly fellow and watch him take to the tobacco that calls for a small sized chew. A few facts like these appeal to his common sense:--
W-B CUT Chewing is rich tobacco. It's shredded, you get next to all the good tobacco taste. The touch of salt helps bring out the flavor. It's not sweetened and flavored to death--you don't have to keep grinding and spitting.
