

## MAKE HOME HAPPY.

Do not bring ill humor into the home. It is our own fault if we are bad tempered, and it is easy by tact to turn aside the ill humor of others. Make home happy.

### Chinese Cooking.

The art of Chinese cooking was introduced into China by the Chinese in the eleventh century.

### Made Dumas Retract.

The elder Dumas was once sued for stating in one of his novels, "La Route de Varennes," that the capture of Louis XVI and Marie Antoinette at Varennes by the revolutionaries was due to the action of the Chevalier de Prefontaine in shutting the door of his house on the fugitives.

A grandson of the chevalier considered this an aspersion on his ancestor's chivalry and proved in court that the statement was untrue.

An order was issued compelling Dumas' publisher to call in all copies of the novel and to issue within one month a fresh edition with a note that De Prefontaine played his house at the disposal of the royal fugitives.

### Russia's National Anthem.

The Russian national anthem is the only national hymn which was adopted as such in open competition. Until the time of the Emperor Nicholas I. the English "God Save the King" had served Russia, but Nicholas determined to institute a genuine and native Russian anthem. He announced a competition, open to all musicians, for an original national hymn. A musical committee reduced the thousands of entries to two, and between these, the works of Glinka and Lvoff, the czar himself decided. The highly martial character, with the drums and trumpets, of Lvoff's composition won the imperial verdict, and it was decreed as henceforth the Russian national anthem.

### The Lightning-like Loon.

The loon is the quickest living creature. A loon that has had experience can dodge the flash of a gun. You see a loon on a lake, but long before you see him he sees you and has taken a mental inventory of you and your belongings. If you have no gun you may perhaps approach within 100 yards before he laughs at you with that horrid shriek which gives him his name and disappears under the water, but show a gun and he does not stop to laugh—he goes instant. When in a sportive mood he sometimes waits until he sees you about ready to fire, when at the flash he dives, and you see the shot spatter the water where he has just gone down.—Exchange.

### Reflection.

We are told, "Let not the sun go down on your wrath." This, of course, is best, but as it generally does I would add, "never act or write till it has gone so." This rule has saved me from many an act of folly. It is wonderful what a different view we take of the same event a day after it has happened.—Sydney Smith.

The examination of fairly accurate records has convinced scientists that there has been no appreciable change in the climate or northern Europe in 1,800 years.

### Tireless Wings.

The albatross has been known to follow a ship for two months without ever being seen to alight.

### Labels on Metal Tops.

When putting up fruit in glasses and also in tin cans, says a writer in the Woman's Home Companion, "I found difficulty in making the labels stick to the metal tops. I used gummed labels, library paste and other sticky substances. Still some had to be pasted and repeated until time and patience were both well nigh exhausted. A friend, a druggist, came in and with a nail made a few scratches crisscross on the metal tops and put the labels on, to stay indefinitely."

## FREE ADVICE

Some newspapers are always giving advice about which way to vote, or trying to tell you that this or that must come to pass or the dickens will be to pay. The editor of the Mail has an idea that the average man knows about as much about general condition and their causes and effects as the average editor or, (beg your pardon) the average politician.

It is true that we are running republican plate, also some democrat plate, but our own position has been neutral. If you think that Wilson deserves another term, vote for him; if you think that Hughes would do better, vote for him.

As to the measures; get your pamphlet and study them out for yourself. If you cannot do that, you should not vote on them.

Register your own views, not those of some one else, as every American citizen should do and all will stand by the consequences, which we venture to predict, will not be so terrible whatever happens.

## School Notes

The first program given by the literary society last Friday afternoon was a complete success. Everyone on the program readily responded in their turn. Let us hope that the next one will be just such a success.

The Sophomores gave their first program also for opening exercises Wednesday morning. The Freshmen then began immediately preparing theirs for the coming Wednesday.

Arthur Kelly enrolled in the Freshman class Monday morning.

Henry Tate made a visit to the high school Tuesday morning.

The six week's tests are over, much to the satisfaction of all the students.

The 8th grade class is going to have a paper written by Max Kearns and Lowell Riggs. The rest of the class will aid them in securing information on current events, etiquette, grammatical errors in the room, historical events and daily attendance. This paper is to be written once a month and read before the class.

The 8th grade girls are preparing a special song for the program to be given at the Parent-Teachers' meeting Friday night.

All the teachers are patiently waiting for the pictures to arrive, that are to be used in picture study.

Okla Jackson of West Stayton, has enrolled in the 6th grade.

"Little Orphan Annie" is being studied by the pupils in the 6th grade. Mary Tate is preparing to recite it at the Parent Teacher's meeting.

The 5th grade is studying the northeastern states. They will be glad to receive any outside information that will aid them in their study.

George and John Hewitt are back in school after a weeks illness.

The 4th grade is much interested in the study of the formation of the soil.

Gertrude and Earl Shepherd have dropped out of the 3rd grade, having left Stayton to make their home in Mill City. Claytie Shepherd also left out of the 1st grade.

Crane Jackson from West Stayton, enrolled in Miss Pratt's room.

Some of Miss Hollister's pupils are to give the "Indian Cradle Song" in costume, at the Parent-Teachers' meeting.

The Girls Glee Club are also going to give a selection Friday night for the Parent-Teachers' meeting.

The students who are taking up the A. N. Palmer course are sending out their first papers for correction today.

## Pendleton Normal School Proven Necessity

(Copied from Portland Oregonian.)

MONMOUTH, Ore., June 26.—The Oregon Normal school opened this week . . . students enrolled 785, largest on record for state Normal in Oregon . . . how to care for large student body a problem . . . 800 being crowded into auditorium with seating capacity of 550. Galleries filled with extra chairs in aisles. More than 150 students seated on platform. New boarding houses completed, additions to rooming houses built and tents used. One hundred girls sleep on upper floor of school. The official school report gives 150 grade pupils in Monmouth, for teacher practice.

Read what those you have elected to handle the affairs of your state and who are thoroughly informed regarding school conditions in Oregon have to say concerning measure 308 on the ballot at the coming election:

By James Withycombe, Governor of Oregon:

"Oregon is unquestionably in need of more normal school work and Pendleton is the logical place for a school of this class in Eastern Oregon."

By J. A. Churchill, State Superintendent of Public Instruction:

"I trust that the voters of the State will assist in raising the standard of our schools by establishing a State Normal School at Pendleton."

By P. L. Campbell, President of the University of Oregon:

"At least one additional Normal School is urgently needed in Oregon."

By W. J. Kerr, President of the Oregon Agricultural College:

"Since the people of Pendleton are initiating a measure for the establishment of a Normal School at that place, it will give me pleasure to support this measure."

By J. M. Ackerman, President Oregon Normal School, at Monmouth:

"A careful analysis of the situation will convince any one that Oregon needs a Normal School in Eastern Oregon and Pendleton fills all the government requirements."

By the County School Superintendents of Oregon:

"Resolved, that it is the sense of the County School Superintendents of the State of Oregon, in convention assembled, that the best interests of the schools of the State demand increased facilities for the training of teachers, and that we, therefore, endorse the initiative measure to establish a Normal School at Pendleton."

By Mrs. Charles H. Castner, President of the Oregon Federation of Women's Clubs:

"I most heartily endorse the location of said Normal School at Pendleton."

Prof. Robert C. French, Former President of the Normal School Located at Weston:

"An immediate establishment of such a school at some central point such as Pendleton would prove a great asset to the State of Oregon."

B. F. Mulkey, Ex-President Southern Oregon Normal School:

"I shall support the location of an Eastern Oregon Normal School at Pendleton."

State Board of Regents of Oregon Normal School declares that "the necessity for additional Normal school facilities in Oregon is apparent."

Portland Chamber of Commerce endorses measure 308 and says Pendleton most logical location for Normal school in Eastern Oregon.
