COUNT IN IDAHO IS SLOW

Returns Are Widely at Variance, But Trend Towards Wilson.

Boise, Idaho, Nov. 8.—The count in Idaho is exceptionally slow. Scattering returns are widely at variance, but the vote in the state capital trends towards Hughes.

However, incomplete returns from the state at large show President Wilson leading by a substantial plurality. For the governorship, Alexander, democrat, leads by a narrow margin over Davis, the republican candidate.

An exceptionally large vote was cast all over the state.

In southwestern Idaho Robert N. Dunn is strongly in the lead in the non-partisan race for justice of the supreme court. C. A. Elmer, secretary for the republican state central committee, claims Idaho for both Hughes and Davis.

The world's turpentine output exceeds 25,000,000 gallons annually, the United States being the greatest producing nation.

GYM. IS SURE

neat sum subscribed in a few minutes. The meeting adjourned later and again met on Monday evening, at the Star Theatre. Quite a number of business men attended this later meeting.

Finally after some discussion by Mr. Wilbur, Mr. Keech and others it was decided to leave the raising of the amount necessary to build a gymnasium to the high school pupils and their student body.

The school has already pledged \$375 the student body to raise \$150 a year for two years, and the high school boys to raise \$75 by wood cutting on Saturdays this winter. The balance of the \$1,000 necessary is to be solicited by the pupils of the high school among the business men, farmers and all others who are interested in the Stayton High School.

With over seventy bright young people at work, it is predicted that the amount will be raised in a short time, and that before many weeks actual work will be started on Stayton's new Gymnasium. No doubt many people who read these lines have been solicited already to give what they can toward this fund. Don't turn these young people down, give them something even if it be but a dollar and help to swell the amount to the necessary size, so that Stayton can have a real recreation building.

One man on the street put it truly and tersely the other day. "The one thing you have to be especially proud of in Stayton is that class of seventy odd high school pupils." Let us make Stayton a real "school town."

Later—The school got out early election day and worked all day with the following success, which assures a gymnasium for Stayton.

High School Student Body	\$300.00

WRITES LETTER

to the acre, worth the day we were there \$1.55 per bushel. His potatoes were fine. He raised a large patch worth there \$1.50 a cwt. that day. We were then 30 miles from Prineville where we arrived at 3 o'clock p. m.

Prineville is a beautiful town all surrounded by hills, on the Crooked river, it is more of a stock country than wheat growing. After taking on a tank of gasoline which by the way was 50c per gal., we started on. We passed the town of Barnes without seeing it so we stopped at a ranch house, I got a good bed in the house but they could not accommodate the men so they had to sleep in the haymow, and lo and behold in the morning, Mr. Seigmund, who was the first man out found he had left his machine out and it had frozen tight. Well with the aid of sage brush for fire and hot water we started on our road by 10 o'clock a. m. Nothing hurt or broken in the freeze.

Our next stop was at River Dale. We passed the home of P. A. Munroe, thence on to Scammons Ranch where we found my brother. Riverdale is a valley 8 miles by 30 all level at the head of Crooked river. The great drawback here is frost. It freezes every month and almost every night, also the wood is very scarce and hard to get but lots of sage brush, jack rabbits, sage hens, etc. My father stayed with Mr. and Mrs. P. A. Munroe. The wind blew pretty hard next day but no rain and the roads are excellent in that country. We started for Bend Oct. 29 at 3 p. m. About 9 miles of Bend we met Ben Klecker and his brother Joe. Ben had just lost a valuable horse and had to stop off until he got another. He was located at or near Fort Rock. After warming at their camp fire we went on to Bend, arriving there about 8 p. m. We found Ernest Luthy at the Ford Garage. We stayed and took in the sights of Bend until 12 o'clock next day. Bend is a busy town, two large saw mills, one grist mill and not enough hotel facilities to supply the people. Living is high. We left Bend Oct. traveling nearly the same route as we went in on, with the exception of Redmond. From Bend to Redmond is sandy and rough. A canal runs through this country. Stuff is grown by irrigation. The Juniper trees are everywhere in evidence between Bend and Redmond. We stopped that night at Shanko which affords only one 40 room hotel and full every night. Beds \$1.00, meals 50c, the highest priced place on the road. We went through Sherman Co. on our return trip which is a fine wheat country. Came through the towns of Grass Valley, Moro and Wasco, got off our road 14 miles, went down on the Columbia river and took dinner. Came back to our road again. Had to cross a toll bridge. Held us up for \$1.00 for toll. Stopped at the Dalles which is a very busy town as it is situated so it has both rail and boat facilities. We arrived at Hood River about dark Nov. 1 Left Hood River about 8 a. m., arrived at Earlow took dinner at the W. S. Tullis Hotel, came on to Woodburn, then took train for Silverton, stayed all night with Mr. and Mrs. Sam Arnold. Rode home Nov. 2 on the S. C. F. Logging train, had no caboose so rode in the engine. We arrived home at Silver Creek Falls about noon. Glad to get home again and watch it rain. Anyone contemplating a trip overland should engage Frank Seigmund as driver. He has a very fine car and is a very careful driver. We went the trip of 900 miles without a single accident or blowout. For the benefit of the friends of P. A. Munroe and family, will say that they are located on 320 acres of prairie soil in a beautiful valley well satisfied and doing well.

Yours Respectfully,
 Winnifred Freeman

Representative Mann Re-elected.
 Chicago, Nov. 8.—James R. Mann, minority leader of the house at Washington, on whom a vigorous fight was made by the dregs of the second Illinois congressional district, was elected by an indicated plurality of 10,000.

Michigan Goes for Hughes.
 Detroit, Nov. 8.—Democratic State Chairman Stevenson conceded Michigan to Hughes by a normal republican majority. Michigan is normally republican by 100,000.

Wisconsin Goes for Hughes.
 Milwaukee, Wis., Nov. 8.—Early returns indicated Hughes running well ahead of Wilson and polling practically all the 1912 combined republican and progressive vote.

Wets Strong in St. Louis.
 St. Louis, Nov. 8.—Prohibition amendment—yes 168, no 4915.

 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

New York Votes for Hughes.
 New York's 45 electoral votes will be cast for Hughes and Fairbanks. The returns indicate that Mr. Hughes carried the state by a substantial plurality. Early returns from the state were closely watched. In several of the upper counties of the state, particularly Erie and Monroe, voting machines were used, which facilitated prompt tabulation of the returns. When the complete returns from Buffalo gave Hughes 46,652 and Wilson 36,915, it was regarded as certain that the republican presidential candidate had carried the state. Early in the evening the leading New York dailies, including the papers which supported Wilson during the campaign, conceded the election of Hughes.

Governor Whitman was re-elected by a large plurality and William M. Calder, republican candidate for United States senator was also elected.

The so-called "solid South," Alabama, Arkansas, Florida, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas and Virginia, which have uniformly cast their electoral votes for the democratic presidential candidates, is still solidly democratic. Wilson and Marshall polling the usual large majorities.

If the complete revised returns bear out early indications the present democratic majority in the lower house of congress will be wiped out and the republican party will be in control. While the returns indicate there will be a largely reduced majority in the senate it is not believed that the democrats will lose control.

Iowa Goes Republican.
 Des Moines, Nov. 8.—The returns from nearly all parts of Iowa indicated that Hughes would carry the state by about 30,000, and Harding, republican candidate for governor, by more than 100,000, if the present voting ratio continues.

McCormick's Precinct for Hughes.
 Harrisburg, Pa., Nov. 8.—The first precinct of the fourth ward, the home of Vance McCormick, democratic national chairman, gave Wilson 98, Hughes 185.

"Wets" Apparently Win in Maryland.
 Baltimore, Md., Nov. 8.—Late returns from Baltimore indicate the defeat of prohibition by a majority of more than 10,000.
