

COUNTRY CORRESPONDENCE

School Notes

On Tuesday afternoon of last week the high school students again serpentine the streets, giving yells and songs for the Stayton people who had subscribed to the gymnasium fund and aiding them in getting the required amount needed for the gymnasium. To cap the climax the students met on the evening of the same day at the high school auditorium and had an old time jubilee.

The young men's Glee Club is quite popular with the boys. Its popularity being caused by the fact that they are singing popular songs.

The Ladies Glee Club will be doing quartet work soon.

Mrs. Kaufer visited Miss Crabtrees room and gave an excellent talk on her three years stay in the Hawaiian Islands. It was thoroughly enjoyed by all as well as will be the magazines that she has subscribed to the school for one year. These will treat on the formation, products and full description of Hawaii and many islands in the sea. She also left booklets entitled "American Navy," "Cuba" and "Hawaiian Islands," which have proven very interesting to the pupils of the third and fourth grades.

The 8th grade social, that was given at the G. L. Brown home last Friday night was a complete success. Entertainment was furnished by Mr. and Mrs. Brown and a committee of several of the pupils. Later Miss Wanda Brown came and played the piano, while the rest sang, making the remainder of the evening very pleasant. Delicious refreshments were served, after which the party broke up hoping that the next one would follow soon.

Ben Kenyon has enrolled in the 7th grade, having come here from the Seio school.

The Squabtown Squawker

The election passed off quietly in Squabtown, with the exception of 77 heated arguments, 1 dog fight and 2 runaways. Every one seemed to be well satisfied except the fellow who made a mistake and voted the wrong way.

The Skink twins are growing finely, and will soon be big enough to be called "Skinny and Scabby."

Squabtown has a new window decorator. He is some artist, and can sling the paint with any of them, but is no great shakes on spelling.

The Hootville Times has a new editor. A large gentleman with a placid countenance and a barrel of optimism. Here's looking at you.

Little Willie Winkle fell in the creek one day last week, and as he had but one suit, and all the bed clothes were on the line airing Mrs. Winkle hung her scion on a peg behind the stove until he dried out. You can't beat a woman for getting out of tight places.

Uncle Eli Perkins lost one of his molars on the left side of his jaw recently, and as that was the side he chewed his tobacco on, he had to shift his quid to Starboard. This overbalanced the old gentleman so much, by shifting his ballast, that he nearly capsized in the gutter. The marshal ran him in, but let him loose again as soon as Eli explained how it happened.

The following were elected for this year: President, Mrs. E. C. Downing; Vice-President, J. T. Hunt; Secretary, Mrs. Perry Darby; Treasurer, Mrs. Henry Frank.

The first four grades of our school played the charming story, "Hansell and Gretel" This number was greatly appreciated by all present and the little pupils deserve much credit for the work produced. On this same evening the children of the entire school sang an original song entitled "Here's to our School-board" in which way we expressed our thanks for the beautiful new organ. The next meeting will be Friday, Dec. 8.
