Nearly every legislator, who is at Salem attending the biennial meeting of that body, was elected on a platform of retrenchment and the lowering of taxes. The fulfilling of that program is easy this year on account of the passage of the Tax Limitation Amendment at the November election. Now if they only top off the extravagance in the right place, all will be well, but it will not do to cut too severely on public institutions that must be maintained, as that will impair their efficiency. Better take a hack at the many useless commissions.

Hundreds of small newspapers are being starved out of existence every day by the high cost of print paper and even the big dailies are beginning to get pinched and are trying to cut the overhead expense.

Cold dry winter weather is not quite the thing for the average Oregonian. It brings in its trail a harvest of colds, gripes, pneumonia and kindred diseases. Let us have another dose of south wind and a gentle sizzle sozzle with the accompanying drip, drop from the eaves. We feel better.

The confirming of the Webb-Kenyon Law by the Supreme Court will make the enactment and enforcement of the "bone dry" law a comparatively simple process.

Why not have a little of the road tax spent where it originates—in Stayton. Our streets need it badly enough, no one can deny.

Early Marriage in China. It is nothing rare in China for boys twelve to fourteen years old to marry. The physical, moral and intellectual development of the contracting parties has nothing to do with the matter. Other considerations entirely regulate the affair.

An old Chinese aphorism says that the great business of life is ended when the sons and daughters are married. The Chinese parents do not care to run the danger of postponing the marriage of their children, especially of their sons, until after their own death.—Exchange.

Bright Youth. Caller—So your son Willie has started work as an office boy. How is he getting along? Fond Mother—Splendidly! He already knows who ought to be discharged and is merely waiting to get promoted so that he can attend to it.—Pittsburgh Chronicle-Telegraph.

Just So. "Hubby, diamonds are said to be the same as cash."

"What of it?" "I wish you would buy me a few rings."

Just a Shade. "I come of a very old family. We have a family ghost."

"We have two."

"I guess that gives you a shade the best of it."

PRACTICAL HEALTH HINT.

Do Not Lose Sleep.

Dr. Richard C. Cabot, the well known physician, says in an article on health in the American Magazine: "To avoid overeating and alcohol and the tobacco habit are matters of self control. To get the sleep one needs (which means all that one can possibly soak into one's system within twenty-four hours) often takes courage—the courage to refuse invitations, to invite ridicule, to seem odd or puritanic. I believe that more minor illnesses are due to lack of sleep than to any other recognizable factor. A person catches cold, gets indigestion, is constipated or headache ridden because his vitality is below par, his physical expenditure beyond his physical income. Sleep would set him square with the world, but to get sleep means sacrificing the evening's fun. This he won't do, and so he runs in debt and is chronically edging toward a breakdown."

ONE FRIEND TELLS ANOTHER WHY W-B CUT TOBACCO IS BEST AND CHEAPEST

MY POUCH OF W-B CUT TOBACCO ISN'T AS BIG AS YOUR LOOSE PAPER SACH, BUT ITS BETTER AND CHEAPER, BECAUSE IT SATISFIES AND LASTS LONGER

HERE'S something curious about W-B CUT Chewing—it takes less out of your pocket and puts a better chew into your mouth. No big plug sagging your pocket, no big wad sagging your cheek. Half as much of this rich tobacco goes twice as far as ordinary plug. W-B saves your silver and gives you a silver-lining feeling of happiness all over. You can't help from telling your friends about W-B.
