## A RESPONSE

The situation that has developed between our country and Germany in the past week has brought responses from every people of foreign birth in the United States. This positively and for all time refutes the old theory that different races and nationalities could not be amalgamated into a new whole; for every white person in our country is of foreign birth or descended from ancestors of foreign birth.

The very feeling of the social and political atmosphere of the United States is different. Lines of lineage disappear, and how much we decry the lines of wealth that sometimes appear to be sadly out of joint; yet the main chance of political freedom to act and to reach any height has never been questioned, and is left to every individual regardless of his birth or station in life.

For this, if for no other reason, the United States of America has become a refuge and a haven for the dissatisfied and politically oppressed of the entire world. Sometimes these are dreamers and visionists, but the air of "You are as good as anyone," which is taught in all our educational and political institutions soon brings the realization that "The majority in a government such as ours, must rule."

It is gratifying indeed to see every nationality rally to the support of the President of the United States of America—No matter what may be their private beliefs—and make us in truth and reality, a country of One Flag, One Nation, One People.

"The United States—May she always be Right—But right or wrong—The United States Forever."

### SHERIFF'S SALE OF REAL PROPERTY ON FORECLOSURE

Notice Is Hereby Given, That by virtue of an execution duly issued out of the Circuit Court of the State of Oregon, for the county of Marion and to me directed on the 30 day of January, 1917, upon a judgment and decree duly rendered, entered of record and docketed in and by said Court on the 23rd day of January, 1917, in a certain suit then in said Court pending, wherein E. Abbe and May Abbe, his wife, were defendants in favor of plaintiff and against said defendants by which execution I am commanded to sell the property in said execution and hereinafter described to pay the sum due the plaintiff of \$247.24 with interest thereon at the rate of 8 per cent. per annum from the 23rd day of January 1917, until paid and the further sum of \$100.00, attorney's fees together with the costs and disbursements of said suit taxed at \$27.25 Dollars and costs and expenses of said execution. I will on Saturday the 10th day of March 1917, at the hour of 10 o'clock A. M. of said day at the west door of the County Court House in Marion County, Oregon, sell at public auction to the highest bidder for cash in hand on the day of sale, all the right, title, interest and estate which said defendants and all persons claiming under them subsequent to the date of the mortgage, October 15th, 1914 in, of and to said premises hereinbefore mentioned and described in said execution as follows, to wit: Beginning at the north east corner of Block No. 51, in the City of Salem, in Marion County, State of Oregon; and running thence southerly along the east line of said block, 65 feet to the land sold to D. R. and Anna Yantis; thence in a westerly direction at right angles to Commercial Street and following the north line of the Yantis land 100 feet; thence northerly parallel with the east line of said block, 65 feet to the north line of said block; thence easterly along the north line thereof, 100 feet to the place of beginning.

#### LIFE'S OBJECT.

The object of true upbringing lies not in merely inducing men to do good things, but to find joy in doing them; not only to maintain purity, but to love purity; not to practice justice only, but to long and yearn for justice, to work for it, to battle for it if need be.—John Ruskin.

### Bethlehem's Bid on Shells for the United States Navy

To the American People: The Secretary of the Navy has awarded contracts amounting to over \$3,000,000 to a British bidder for 14 and 16-inch projectiles for the Navy because of very much lower prices offered by the English bidders.

We know nothing of the basis upon which the British bids were made, but the public is entitled to know the facts upon which we ourselves bid for this work.

Two years ago we took contracts to make 4,200 14-inch shells at a price of \$1,515,000. Up to now not a single shell has been accepted by the Government, although we have expended, in wages, materials, etc., on these orders \$322,581, and we have not received a SINGLE DOLLAR on these contracts.

In addition, a literal interpretation of the contract might make us liable for penalties amounting to \$478,016.

In the light of our experience, and having no other basis, we bid for 16-inch shells approximately the same rate per pound as that which the Navy Department actually awarded a 14-inch shell contract one year ago.

**Treasure Trove Law in England.**  
In England treasure trove belongs to the crown. According to the law, if any one finds hidden treasure and conceals it for his own use he is liable to fine and imprisonment. It used to be a hanging matter. However, it may be some encouragement to English treasure seekers, if any such there be in these enlightened days, to know that the laws of treasure trove only apply to such as is discovered by accident. Treasure discovered by systematic search would not come within this description; neither would finds discovered by astrological or cabalistic sciences or by the potent influence of the diving rod.—St. James' Gazette.

**Getting It Down Fine.**  
Blondine—Gerty Giddig certainly has the shopping habit developed to a science.

Brunetta—Likes it, you mean?  
"I mean that she always insists on going where she can get the most for her money."

"That's natural, isn't it?"  
"In most cases, yes, but there are some exceptions."  
"I'd like to know what they are."  
"Well, for instance, the other day I found her in an arcade trying to ascertain which machine would give her the most for her money when she weighed herself on the penny-in-the-slot scales."  
—Pittsburgh Chronicle-Telegraph.

**SELFISHNESS.**  
Selfishness is a mean trait. Selfishness in some form is at the foundation of most of our unhappiness and misery. If we could analyze all the suffering in the world and trace it back to its first cause we should probably find that selfishness was the greatest factor in creating it.

**EDUCATION.**  
Education gives fecundity of thought, copiousness of illustration, quickness, vigor, fancy, words, images and illustrations; it creates every common thing and gives it the power of trifling without being undignified and absurd.—Gydney Smith.

**SELF RELIANCE.**  
Always endeavor to rely upon your own resources. Unless a man is accustomed to trust to his own resources his talents will never be fully developed; he will never gain that quickness of perception, that promptness of decision, that readiness of action which are essential to the successful conduct of affairs.

# OREGON INDUSTRIAL REVIEW

The Law Making and Taxing Machinery of the Whole U. S., both State and National, is Now Working Full Blast. Let Us Hope that Legislation Enacted Will be of a Conservative Nature Encouraging to Industry

Myrtle Creek. Inquiries received for quantities of red cedar for lead pencils. Single company wants 5,000,000 ft. per year for ten years.

Port Oxford. Extensive operations under way in black sand gold mining venture to Gold Run.

Wallowa. \$2,500 contract let for new road on whiskey creek. Paisley, Creamery will be established here by spring.

Klamath Falls. Box Factory company with capital of \$40,000 will employ over 50 hands and have 50,000 capacity, to be new industry here.

Hermiston, 2 story business building planned.

Pendleton, 3 quarter sections wheat land sells for \$30,000.

The attitude of labor leaders announcing that they will refuse to abide by arbitration laws not satisfactory to them, is going a little too far. Supposing the railroads would take this stand. Such expressions go a little too far and should be resented.

Salem. Prune pool of season nets highest price to growers for 7 years.

Coos Bay Mills shipped during last half December total of 7,275,000ft. lumber.

The idea of Public Service Commissioner Corey of inserting "public necessity" clause in utility act seems to be meeting with general approval and is a move to encourage investment of capital in Oregon.

Grants Pass. Development of Grey Eagle mine to proceed.

Newport. Delegation in Congress pledge support for harbor improvement here.

Florence. Siuslaw bar now has 18 feet of water.

Hood River. Pacific Power & Light Co. to build cable line across river to connect Oregon plants with White Salmon river plants on Washington side at cost of \$30,000 to assure power at all times in case of temporary dissabability of anyone plant.

In the Pacific Coast states are thirty-five million horsepower in waterpowers, and only 1,472,000 is developed power. Just think what this great power would do for these states if adequately developed. And yet Congress refuses to pass satisfactory legislation under which development will take place.

**Two-End Repression.**  
Mingus (speaking of one who has just passed)—He certainly has a squelched appearance.  
Silbent—No wonder. His wife won't let him express his mind at home, and his boss won't let him express it at the office.  
Mingus—What's his business?  
Silbent—He's a newspaper editor.—Life.

**Just to Look Wise.**  
"Why do you lift the hood and stare at the engine? You know you don't understand it."  
"I know I don't. I guess I do it for the same reason that a man reads through about eighty pages of the abstract of the lot he is buying. He doesn't understand it, but he thinks he must read it."—Detroit Free Press.

**THE GOOD JUDGE FINDS THE OFFICERS KNOW QUALITY TOBACCO**

YOU HARR MY WORDS—ANY MAN TAKING A BIGGER CHEW OF W-B CUT TOBACCO THAN THAT, IS A TOBACCO SLUTTER AND WE DON'T WANT SLUTTERS ON THE FORCE.

YOU'RE RIGHT SIRT! SEVERAL OF OUR MEN USE W-B BECAUSE IT'S RICH TOBACCO AND A SMALL CHEW SATISFIES.

LEAVE IT TO THE POLICE OFFICERS TO FIND OUT ABOUT QUALITY TOBACCO.

**YOU notice a fine regard for appearance among the officers from Roundsmen to Captain—that's one reason they are so keen for W-B CUT Chewing. The pass-word among these gentlemanly fellows is "If you won't take a little chew don't take any." No need to disfigure the face, when a nibble of rich tobacco gives more satisfaction than a wad of ordinary stuff—also less grinding and spitting. Take a tip from the officer on W-B.**
