A UNIQUE RECORD

Our Proud Republic [illegible] Doan's Kidney Pills and everywhere is of [illegible] evidence of merit. Confirmed testimony forms still stronger evidence. Years ago, a citizen of this locality gratefully acknowledged the benefit derived from Doan's Kidney Pills. The statement is now confirmed by proof more convincing. Cases of this kind are plentiful in the words of Doan's Kidney Pills—the record is unique.

F. W. Brown, retired farmer, 1449 State St., Salem, Ore., says: "Hard work weakened my kidneys and I often felt [illegible] I [illegible] and [illegible] across the small of my back. Finally, my attention was called to Doan's Kidney Pills and I used some. The backache and soreness left me." (Statement given January 21, 1909.)

STILL USES DOAN'S

On April 11, 1916, Mr. Brown said, "I still consider Doan's Kidney Pills a medicine of merit and they always do good work whenever I take them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown has twice publicly recommended. Foster-Milburn Co., Prop's., Buffalo, N. Y.

OREGON INDUSTRIAL REVIEW

Summary of State and National Affairs—Industrial, Civic and Educational Advancement for the Week—Progress in Factories, Payrolls and Davelopment Enterprises

April 16.—Oregon expert potatoe crop for 1916 estimated at $1,400,000.

Coos county has 250 square miles of coal area and does not supply local consumption.

Grants Pass—Logan placer mine produces $23,199 in gold and $1,375 in platinum in 70 day run.

Albany working to secure cannery.

Eugene—W. B. Hall to start new shingle mill in Lane county.

La Grande has gasoline motor car service to Elgin via O. W. R. & N.

Helix forming stock company to build flouring mill.

Pendleton and Umatilla have new railroad motor car service.

The Dalles—Wasco county road bonds, $260,000 sold for $7,830 premium.

American Sugar Refining Co., to spend $1,000,000 for trademark advertising in 1917.

Portland—200 foot wooden ship launched for Libby, McNeil & Libby.

Portland contemplates establishing factory fund by selling $500,000 bonds and loaning money on good security to industries at 5 per cent, as method to encourage industrial growth of the city.

Lebanon—$10,000 subscribed for cannery here.

Bend will vote on $30,000 school bond issue—Power plant will build $30,000 addition.

Portland' candidate for city commission advocates "home-manufactured goods home labor." This is timely when the civic auditorium is to be erected from North Dakota brick.

Newport—Lincoln county to vote on $418,000 harbor improvement bonds and place that port on equal footing with other Oregon ports which have taken similar action. From an industrial standpoint Lincoln county cannot afford to turn this down. Government puts up equal amount.

Government statistics show that electric light and other utilities are practically the only commodities which have declined in price.

A freak law makes it a crime to sell wood by the "load" in this state. Next it will be a crime to sell radishes by the bunch.

Cottage Grove—Road between Camas Swale and here to be improved.

Scio—New garage being built here.

Oregon City—$1,000,000 Hawley Pulp Paper mill starts here.

Lakeview—584 head of cattle sell for $23,360.

Heppner farmers to build $18,000 grain elevator.

Ontario—Fruitland people to build $15,000 cannery.

Marshfield—10 Coos county banks set aside $50,000 to be loaned to farmers to purchase pure bred cattle.

The sequel to the Adamson law has promptly made its appearance in the petition of the Eastern and Western railroads for an increase of rates. Higher wages, dearer supplies and necessary new equipment can be met only by an augumented revenue. This the railroads ask for and this they are entitled to.—Corvallis, Daily Gazette-Times.

Pendleton—Blewett Harvester Co., has 37 men at work on construction of 40 harvesters.

Port Orford—Many ties will be shipped from here 100,000 already cut.

Corvallis—Farmers being urged to raise sugar beets.

Coquille—Standard Oil Co., $10,000 plant here.

Marshfield to do considerable paving.

Gold Hill—Mining claims near here sell for $80,000.

Railroads of the U. S. complete plans to co-operate in every way with government to handle war situation.

Echo shearing plant to clip 80,000 sheep.

North Bend mill to cut spruce for U. S. aeroplanes.

The Southern Pacific Co., has started issuing their weekly fishing bulletin.

Molalla Electric Co., to extend line from Donald to Fargo and Butteville. Work to start at once.

Hon. C. N. McArthur, congressman from Oregon, says congress should have courage to pass legislation permitting development of western waterpower and ignore so called conservationists who are making play for political capital only.

The Willamette Valley has land enough to support 10 sugar factories. Oregon with 94,560 square miles and Belgian with 11,820 square miles (one eighth the area of Oregon) and supporting 7,000,000 people—has 78 sugar factories in operation, how many factories ought the Willamette Valley support. This shows conclusively how the sugar beet industry flourishes—The beet sugar industry, where installed, has been one of the most potent factors developing agricultural conditions not only in sugar production, but in all agricultural features associated. It means millions of dollars to this valley.—Independence Enterprise.
