CONSCRIPTION

Ever since the United States Congress and Senate passed what is known as the Conscription bill there has been much discussion as to the merits of the bill as passed and the feeling expressed on the part of some has not been of the best or for the best interest of our country. It seems that this is caused more by a misunderstanding of the merits of the bill than any desire to criticize.

In our opinion after studying the measure from all angles the bill as passed is one of the best pieces of legislation our representatives could pass at this particular time. The bill is just what the name implies "Selective". After almost three years of war and securing information from the nations that are engaged in this titanic struggle our lawmakers profited by the mistakes of others made the draft selective in order not to cripple the industries and agricultural pursuits of our country by taking men from these vocations and filling the army with them, thus making it necessary for the business interests of the country to get raw and inexperienced men to fill their places, but to select men for the army that can best be taken from civil life. It will take no longer to drill and prepare these men for the army than the mechanics and in this way the men engaged in business activities that are just as essential to the maintenance of an army as soldiers, are left at their post of duty to do their bit which is just as important as soldiering.

THERE is one thing no man on earth can do, and that is to put sappiness into cheap, coarse tobacco. It takes the richest, sappiest tobacco that grows, to make satisfactory chewing. That is why so many are changing over to W-B CUT. Excess sweetening makes a poor substitute with intelligent people. Pound for pound, there's more tobacco in W-B than in ordinary plug; and it's sappy tobacco, every shred of it.

Some Stayton People Have Learned That Neglect is Dangerous

The slightest symptom of Kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 50 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Convincing testimony follows:

Jack Mott, 818 Hayter St., Dallas, Ore., says: "I took Doan's Kidney Pills several years ago, when having back-ache and kidney disorders, which I considered due to the nature of my work. Constant strain and neglect caused my back to give out. Doan's Kidney Pills soon brought me around in fine shape. My back soon felt as strong as ever and my kidneys were normal."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Mott had. Foster - Milburn Co., Props., Buffalo, N. Y.
