FARM AND CITY LOANS

If you are paying a high rate of interest, why not refund your loan at a lower rate and more liberal terms. It is not good business to pay a higher rate of interest than the market demands, nor is it good business to keep your surplus funds on time deposit at 3 to 4% per annum when 6% can readily be secured on first Farm Mortgages. If you have money to loan or wish to refund or secure a new one, call or write S. H. HELTZEL, Stayton, Oregon.

Coal and oil are playing out as a reliable fuel supply on railroads and still Congress fails to provide laws to develop electric power.

Time for advocates of freak laws and Dolly Varden politics to reef sales and get on a new tack if they hope for popular favor.
