Sugar Saving Campaign Now On

A sugar famine is threatening us. Our present sugar supply is sufficient for our own consumption only until the first of January. We have been using at the rate of ninety pounds per capita per year. The French have for sometime been on a ration of less than two tablespoons per day, and unless the American Nation can send them a hundred thousand tons during the next two months this ration will be reduced to nothing. Cut down the amount of sugar to six tablespoons a day for each person and our task is done. Every conservation committee in each community should begin a campaign against the use of cane and beet sugar for holiday confectionery, and using glucose, molasses, corn syrup and dried fruits instead.

A family of five should limit the sugar used in all cooking and served on the table in any form, including candy, to one pound (2 cups) a day for the remainder of the year. After January the new West Indian crop will be available and the sugar situation will probably be less tense.

Recipes for holiday confectionery will be sent to anyone in the county by the Home Demonstration

agent, Lorene A. Parker, Salem, upon request.

C. A. Beauchamp and wife were Salem visitors Sunday.

Among the Oregon boys who recently received promotion we notice the names of Joe and Julian DeJardin, brothers of G. W. DeJardin of this city, and George Maten, brother of Mrs. M. J. Crabtree.

A number from Stayton attended the dance given by the ladies of the Sublimity Red Cross at that town Friday evening. All report a good time. The ladies had charge of the dance which was held in the Foresters hall. This was decorated very attractively for the occasion. An unusually large crowd was present to "do their bit" for the Red Cross.

ONE of the rare treats in store for wailan musicians are finely educated and finished in music. They are partially drawn from the Ali-ky and evening concert by the Wailan Ha-Tou's Pa-Tou who arrived in much enthusiasm throughout the United States for several years. With ukulele and guitars they play the beautiful, soothing and wailful melodies of the islands in a manner that grips the hearts of every one in the position.
