The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by bulking up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. MAXWELL

\$1195
F. O. B. DETROIT

There is inflexible logic in the fixing of that price for the Maxwell closed cars. The purpose of the Maxwell builders was to strike the MIDDLE LINE of absolute value.

They have done so with scientific accuracy.

The Maxwell closed cars have grace, beauty, comfort, efficiency, durability, economy and standard equipment.

But, if built to sell for less than \$1195 one or the other of these would be lacking.

On the other hand, for a higher price you could get only larger size or fancier furnishings—not any greater VALUE or finer "class."

That is what we mean by "the Middle Line."

Five-Passenger Sedan, \$1195, Six-Passenger Touring Car, \$1295, Touring Car with All-Weather Top, \$855, Roadster, \$745.
