School Notes

The Teachers' Training class has finished their observation work and are now ready to take up a new line of work.

As yet the Commercial Department has received no answer to the challenge in spelling.

Some of the high school pupils have begun to play tennis.

Most of the small children who were absent from school on account of chicken pox have returned.

The announcement of the Civil Service Examinations to be held April 20 has been received. Several of the commercial students are planning on taking it.

The class in Food Preparation is now making a study of batters doughs and pastries. The only recipes used are those authorized by the U. S. Food Administration.

The girls in the Textile Department have completed the study of cotton and linen. They are now very much interested in the study of the silk worm and the silk industry. For laboratory work they are making a silk garment.

The Debate subject for next Monday morning is as follows: "Resolved that all subjects in high school should be elective."

Last Monday the high school started a campaign for the sale of Thrift and War Savings Stamps, and have met with good success.

The Domestic Science Department has purchased a fine large clock. The money for this purpose was taken from the pro-

ceeds of the dinner which the girls gave early in the winter. The remainder of the money was spent for egg beaters, rolling pins, cups, cake tins, and various kitchen utensils.

The high school play "Mr. Bob" was given at Jefferson last Saturday night. The receipts were \$23 but as the expenses were quite heavy the net proceeds did not amount to a very large figure.

Giles Brown is to be in the high school orchestra as well as the one in the grades.

Mrs. Harvey Shelton called on Marie Dougherty Monday afternoon.

Nellie Dougherty called on Mrs. Evalyn Shelton last Monday.

Mr. Lyle Shelton made a business trip to Jordan last Saturday.

The Jordan Red Cross Auxiliary have purchased two new

sewing machines which will be left in the hall and used only for Red Cross work.

Earl Phillips is quite sick with the Lagrippe.

Harvey Shelton is helping Henry Phillips build fence this week.

The quilt which Mrs. Dougherty gave to the Red Cross brought \$56.00.

Newt Morrison was at Jordan Monday explaining war saving stamps and appointing solicitors.

Miss Marie Dougherty called on Mrs. H. Phillips last Tuesday. Miss Nellie Jaynes spent the week end with Miss Elva Wing.

A little more of this bomb practice, and he'll be ready to sit down and enjoy a little chew of the Real Gravelly the folks back home sent him.

Who is Going to Send Him another pouch of Real GRAVELLY Chewing Plug

Real Gravelly Plug is the tobacco to send the Boy—not ordinary plug loaded up with sweetening, but condensed quality—with the good Gravelly taste that satisfies and comforts and lasts a long while.

Give any man a chew of Real Gravelly Plug, and he will tell you that's the kind to send. Send the best!

Ordinary plug is false economy. It costs less now, but to chew Real Gravelly, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravelly with your leaf and add a little to your smoking tobacco. It will give flavor—improve your smoke.

SEND YOUR FRIEND IN THE U. S. SERVICE A POUCH OF GRAVELLY

Dealers all around here carry it in 10c pouches. A 3c stamp will put it into his hands in any Training Camp or 3c stamp of the U. S. A. Even "over there" a 3c stamp will take it to him. Your dealer will supply envelope and give you official directions how to address it.

P. B. GRAVELLY TOBACCO CO., Danville, Va. The Patent Pouch keeps it Fresh and Clean and Good—it is not Real Gravelly without this Protection Seal. Established 1871.

Bingham, Judge of the Circuit Court of the State of Oregon for Marion County, on the 23d day of Feb. 1918, the date of the first publication is Feb. 28th, 1918 and the date of the last publication is April 11th, 1918. Swift & Company Publicity

At a recent hearing of the Federal Trade Commission there was introduced correspondence taken from the private files of Swift & Company, which showed that the Company had been considering for some time an educational advertising campaign.

The need for this publicity has been apparent to us for several years. The gross misrepresentation to which we have recently been subjected has convinced us that we should no longer delay in putting before the public the basic facts of our business, relying on the fair-mindedness of the American people.

The feeling against the American packer is based largely on the belief that the income and well-being of the producer and consumer are adversely affected by the packers' operations, resulting in unreasonably large profits.

Swift & Company's net profit is reasonable, and represents an insignificant factor in the cost of living.

For the fiscal year 1917 the total sales and net profit of Swift & Company were as follows:

Sales \$875,000,000. Profits \$34,650,000.

This is equivalent to a \$3,465. profit on a business of \$87,500.

If Swift & Company had made no profit at all, the cattle raiser would have received only one-eighth of a cent per pound more for his cattle, or the consumer would have saved only one-quarter of a cent per pound on dressed beef.
