THE GREAT WAR HAS MADE CIGARETTES A NECESSITY.

"Our boys must have their smokes. Send them cigarettes!" This is a familiar appeal now to all of us.

Among those most in demand is the now famous "tasted" cigarette—LUCKY STRIKE. Thousands of this favorite brand have been shipped to France. There is something homelike and friendly to the boys in the sight of the familiar green packages with the red circle.

This homelike, appetizing quality of the LUCKY STRIKE cigarette is largely due to the fact that the Barclay tobacco used in making it has been "tasted." "It's tasted" was the slogan that made a great success of LUCKY STRIKE in less than a year. Now the American Tobacco Co. is making 15 million LUCKY STRIKE Cigarettes a day.

A good part of this immense production is making its way across the water to cheer our boys. The Red Cross has distributed thousands of LUCKY STRIKE Cigarettes.
