HANDICAPPED

This is the Case with Many Stayton People

Too many Stayton citizens are handicapped with bad backs. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause if the kidneys are weak. To eliminate the pains and aches of kidney backache you must cure the kidneys.

Doan's Kidney Pills are for disordered kidneys. The following statement should convince every Stayton reader of their efficiency.

Capt. C. H. Barrett, retired building contractor, 253 Third St., Lebanon, Ore., says: "I had weak kidneys and I was bothered a great deal with lame back. It was hard for me to straighten and my back ached almost all the time. I finally used Doan's Kidney Pills and I never had anything to do me so much good. My kidneys were regulated and my back was fixed up all right."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Capt. Barrett had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

J. M. Ringo and wife accompanied by Stanley A. Starr and wife motored to Portland Sunday. Mr. and Mrs. Starr visited in Portland while Mr. and Mrs. Ringo took in the Highway, all returning home Sunday evening.

The Red Cross knitters make the following report of their Red Cross knitting activities: from August to June 681 pair of socks, 35 sweaters, 72 fracture pillows, 8 quilts and 7 quilts to Belgian Relief fund; this is just the Red Cross work and does not include articles made for home boys.

FOOD ADMINISTRATION CREDO

By willing service of a free people to do these things:
To feed the Allies that they may continue to fight.
To feed the hungry in Belgium and other lands that they may continue to live.
To feed our own soldiers overseas that they may want nothing.
To keep prices steady and the flow of distribution even so that the poor at home may be fed.
To make everyone's effort count its utmost for winning the war for freedom.

FOOD CONTROL IN AMERICA IS FOR THE PEOPLE

OUR GREAT TASK

By Herbert Hoover.

If you could stand in the middle of Europe today and survey the land to its borders, you would discover its whole population of 490,000,000 human beings short of food. Millions of people in Poland, Finland, Serbia, Armenia and Russia are dying of starvation and other millions are suffering from too little food. Our Allies and the neutrals are living on the barest margins that will support life and strength.

This, the most appalling and dreadful thing that has come to humanity since the dawn of civilization, is to me the outstanding creation of German militarism. The Germans themselves are not the worst sufferers. They are extorting at the cannon's mouth the harvests and cattle of the people they have overrun, leaving them in desolation. If the war were to cease tomorrow, the toll of actual dead from starvation within the German lines would double or treble the 5,000,000 or 6,000,000 of men who have been actually killed by Germany and her allies in arms. The 10,000,000 people in occupied Belgium and Northern France would have died of starvation had it not been for us and the Allies. We must build our food resources to stand ready for any demands upon us by the Allies. It is of no purpose to us to send millions of our best to France if we fail to maintain the strength of their men, women and children on our lines of communication. This United States is the last reservoir of men, the last reservoir of ships, the last reservoir of munitions and the last reservoir of food upon which the Allied world must depend if Germany is to be defeated and if we are to be free men.

Now is the time to eat and to preserve home grown products. Perishable fruits are coming on the market, the gardens are making available daily supplies of food that will take the place of the commercial canned articles that are needed for shipment abroad. Sugar has been made available for home canning purposes and the supply is good at the present time. The home garden and the canning of its products means more this year than it ever did before because it will play a very important part in keeping the fighting forces supplied with the kind of food they need at the time they need it most.

America expects every civilian to do his or her duty in the same spirit as she expects each soldier when the command comes, "TO GO OVER THE TOP" without turning to see if his neighbor had gone first.

We have often quoted that old verse, "Gather your roses while ye may," and we can well now change it to "gather your vegetables," for by so doing we can accomplish great good.

"We stand behind our boys in France and we will not call it a sacrifice but a privilege to do our bit toward feeding them Over There."—Emma V. Milliken.

Conserve, reserve and preserve all of these fine fruits and vegetables that are now within your reach; you will need them the coming winter.

By eating more perishables here at home we may save others from perishing "Over There."

The farm as well as the front needs men who see straight and shoot straight.

War is OUR BUSINESS; we can't win by carrying it as a side line.

GEHLEN'S STORE

Speed—Speed—Speed!

Uncle Sam pushed the clock ahead one hour to give more light. Take advantage of it. You owe it to yourself and your country to make every minute count.

Use your car—passenger or commercial—to the limit.

Samuel P. Colt, president of the United States Rubber Company, helped awaken the country to the economic value of the automobile last fall. He said—

"Everything on wheels must be used and mobilized.

"The automobile is second to the railroads as an adjunct and supplementary to them in collecting and distributing merchandise.

"Owners should use their cars, both passenger and commercial, more and more."

Make the most of your car by using the tires that will extend its usefulness to the utmost.

Use good tires—United States Tires. They last longest and carry you farthest at least cost.

There is a United States Tire for every car or truck—to guarantee uninterrupted service and greatest economy.

Our nearest Sales and Service Depot dealer will tell you which ones will serve you best.
