Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free. E. J. CHENEY & CO., Props., Toledo, O. All Druggists, 7c. Hall's Family Pills for constipation.

Soldiers Letters

Base Hospital, U. S. Army Camp Bowie, Texas.—June 21 1918 Dear Mother,

I rec'd your most welcome letter a few days ago. Have been very busy could not answer before but I got a half day off today and will write a few lines to let you know I am well and hope you are all the same.

The news is scarce here, about the same old thing every day. I am still at the hospital and like it fine only it is too hot to be comfortable, the temperature is from 100 to 108, that is different from Oregon is it not?

I am going to Ft. Worth this afternoon and evening, it sure is a relief to get away from the hospital.

Tell Alva I thought of him on his birthday but had no chance to go to town to get him any present but will see what I can get him today. What is he doing and why don't he write me a few lines. I would like to hear from him, does he like to drill in the Home Guards?

Did Alta pass at school and how is she getting along with her violin? Tell Goldie I said hello and I am proud of her for passing.

Ge I can hardly write, I am sitting in my room at the ward and the nurses are depleting the life out of me, we sure have a great time joking each other, it helps to while away the day, the time seems so long it seems like I have been here a year now.

It is time for me to go to my table for dinner so you will have to wait till after dinner, bye,bye. Well dinner is over and I am off for the rest of the day. Wish I was close so I could come home it gets lonesome because there is no one here that I knew before I went in the army, but the war will be over some day then Dear Old Oregon for mine.

Have any more of the boys been called from town yet. Did pa send my lodge receipts in the letter? It was opened by someone else before I got it and there were no receipts then. As I cannot think of any questions to ask I will close. With love to all, hope to hear from you soon, I am your son and brother, W. H. Myers

Following are extracts from Will Myers' letter to his sister:

God but it is hot here, it was only 108 in the shade yesterday and no shade, why the sweat drips from me like as if you were pouring water on me.

I went and saw the town of Dallas, Texas, last Tuesday afternoon, it is 30 miles from here, it sure is a nice place, clean and several big buildings.

There is some fine land between Ft. Worth and Dallas, their wheat and oats were about all cut and in the shock, there was also some fine corn and cotton, the cotton is only 3 or 4 inches high and looks a little like beans. The country here is hilly and rolling. No green grass only where there is water or low places.

You spoke about having lettuce, why I get everything here, everything in the vegetable line, also peaches, oranges, bananas, water and musk melons, grape fruit, pine apples etc. Wish you had some. We have ice cream twice a week. I am getting along fine with my work.

Your bro, W. H. M.

France—June 5 1918

Hello Dad, Just a few lines to let you know they haven't got me yet. I am in the hospital now while the doctors try to patch up my lungs so I will be able to breath through a gas mask again, they have taken quite a bunch of water off them already.

Well how goes everything at Sherwood. Say, Loyd Ingals and Bert Heghin are in the 161st Inf., Loyd is in Co. A and Bert is in Co. G. Well tell the boys hello for me and everyone else you see and drop me a few lines when you get time. I will close now, hoping to hear from you soon, I am

O. E. Grindrod

France—May 12 1918 To my Dearest Mother,

Today is letter writing day to Mothers front the soldiers, so will end the day by writing one. This has been a very fine day and I spent all afternoon visiting the city and also visited a large museum which is certainly interesting. Am going back again when I have more time as it contains old relics, paintings and statuary that are wonderful. Imagine looking at paintings that are over 20 feet high and relics 100 years old. What we have seen since we left our homes is worth many dollars to us besides the experiences we will get also.

Am detached from my Battery at present for Trucks & Tractor School with a small detachment from other Batteries.

We were out on the field for a try out Sat. I have charge of action in our group. I find the training we have gotten so far interesting and will keep us busy.

Am feeling fine and our eats are certainly fine now. We have Saturday afternoon and Sunday off and open camp until 8:30 evenings from 6 o'clock which is sure a great opportunity for us students. Our batteries are billeted a short distance from here so our mail comes here first.

Mark Skiff also remained here and I see him quite often now. You probably have seen the order that you could not send presents etc., without a request from me, so am sending one which you will inclose on the inside of the package and not to weigh more than seven pounds.

In my next letter you will find a remembrance, haven't it to send with this one. Tattoo is sounding now so will have to hurry along. Get to see Capt. Knox and Lieut. Baker quite often now, wrote to Luther but haven't heard from him yet.

With my very best greetings from your loving son

Clyde Harold.

Provision Made for Wheat Handling

The box-car situation is better at present than it has been at any time during the last three years according to advice received by the Department of Agriculture from the Railroad Administration.

On May 1 box cars began to go into wheat territory, and wheat carrying roads are expected to have on their lines more than the normal amount of cars owned by them. Cars are being parked in wheat loading territory, which was impossible last year. The Railroad Administration will continue to move cars into wheat districts as long as there is any indication that additional cars will be needed.
