Buy good clothes for true economy--

"The best is the cheapest"—an ancient wisdom; the deep truth of it is now being made clearer. Clothes made of right materials in the right way last longer and look better; you pay more for them, but they cost less than poor stuff.

The reason we talk about

Bishop All-Wool Clothes

\$20 to \$40

Hart Schaffner & Marx Clothes

\$25 to \$50

And say that if you need clothes they're the ones you ought to buy, is because the long wear and satisfaction you get makes them the least expensive clothes we know of.
