GOV. LYNCH URGES WEST TO LAST BIG LOAN DRIVE

To the Citizens of the Twelfth Federal Reserve District:

The Fifth "Victory" Liberty Loan is in sight. Let us thank God that it is not just the Fifth Loan. Victory means the end of the war, the end of loans, the dawn of peace

JAMES K. LYNCH
Governor, Twelfth Federal Reserve District

and prosperity. It means that the market price of government bonds will soon stabilize at par or better. It also means that commercial, agricultural, and industrial affairs will stabilize, and that the Hun-inspired clamor will cease.

We were advised that the war would last through 1919, probably through 1920, so we were prepared for that; to have done less would have been suicide. We prepared to crush the Hun on his own ground, and he prudently quit. It cost us some money but it saved the lives of half a million of our men. Was money ever better spent?

Now we have bills to pay, promises to make good, our men to bring home. This will take from five to six billion dollars. Let us get ready and raise it. A big task, but the last, and therefore easy. All together, shoulder to shoulder, and the loan goes over!

The "Ninety-first" is the Pacific Coast Division; remember their achievement, and honor ourselves by living up to it.

JAMES K. LYNCH,
Governor, Federal Reserve Bank of San Francisco; Chairman, Liberty Loan General Executive Board, Twelfth Federal Reserve District.

WIN \$3 A WORD BY WRITING A VICTORY SLOGAN

Good Victory Liberty Loan slogans are wanted by the general publicity committee of the Twelfth Federal Reserve District with headquarters in San Francisco.

The committee will pay as high as \$3 a word.

First prize will be \$30, second prize \$20, and third prize, \$10.

Slogans should be limited to 10 or 12 words.

Send all slogans to SLOGAN EDITOR, Room 301, 430 California Street, San Francisco, California.

The contest closes Saturday, March 22.

There are no Liberty Loans ahead of you after the Victory Loan, so mortgage your future for Victory Bonds. Thousands of our soldiers and sailors mortgaged their futures.

Your boy will be a better man than you are if you give him a weekly allowance for Thrift Stamps. Let him buy them himself.

When the Fat Years Return

By F. C.

Ambulance 1-86, Western Front.

When the fat years return, and, rich and free,

You half forget, as men have ever done,

The price once paid for your security, Thinking too much of fortune lost or won,

Too much of pride and laughter, food and ease,

Or of some public favor cheaply earned,

Oh, then turn back the page and think of these

Who gave their bodies for freedom to be burned—

For these lived, too; they, too, loved ease and laughter,

Sunlight, the green earth. All that you still keep

They had, and more—vision. If you come after

And dare forget them, buried so young, so deep,

And dare forget this faith for which they stood—

Ah, but you will not, being of their blood!

By DAVID HINSHAW

You average American citizen in your average American community imagine if you can, the possibility of a report similar to the following being made of your community at any time and under any conditions.

"Though much saddened, our workers are cutting off whom they must, and continuing with those selected, principally children. All are making winter plans and asking, pleading, for funds now to buy what will cost many times more later on. Can you not cable us that the promised appropriations are certain until the end of June 1919. Such action would double the value of the gift. We must not let go now."

The Committee for Relief in the Near East is doing its utmost to sustain these peoples. Poverty stricken, plague infested, war terrorized Near East, the cradle of the white man's civilization, is perishing. It is perishing because of the faith that is in it. Only the help of an aroused American generosity can prevent this.

It is hard at a distance of thousands of miles for Average American Citizens to grasp the need. Tolerant, Helpful, Kindly, Generous America would never permit relief workers to sign death warrants for thousands of persons, did it but realize the situation. That is exactly what happens when the workers in the Near East are forced from lack of funds to "cut off whom they must." More than 4,000,000 people are destitute, of this number 400,000 are orphans, orphans because they were innocently caught in the net of the great war.

These starving peoples live in the "fester" spot of Europe and Asia. America entered the war that autocracy might be crushed from the earth. We are forever bound to Europe because the blood of our sons is mingled with European soil. We must carry on in their names, we must carry on or their supreme sacrifice will have been in vain.

France, Belgium, Italy can all be helped by governmental aid, but the dying Christians of the Near East have no government through which governmental aid can be given them. The task is America's. Liberty, equality, freedom of speech, freedom of worship, all of these America has given to the world. Slowly the other nations of the world are accepting our ideals. Now we are challenged practically to advance the Brotherhood of Man as taught by the "Man of Sorrows" 1900 years ago. The people of His land by the faith He gave them ask for bread. What shall America give them?

there is development going on in 1919 that you want to know about. It may be a reclamation project, a new mining project, a newly-discovered oil field, openings for manufacturers, opportunities in growing sheep, cattle, hogs, horses or other livestock, or you may want to know something of the scenery of the West—what to see when you motor across country on the new highways that are being built.

"Building the West"

The New West Magazine is the only publication in the United States devoted solely to "Building the West," and it is the nation-wide exponent of the advantages and opportunities to be found in the West. It is bringing the "landless man to the manless land."

Developing Home Industries
The observance of "Western Consumers' Week," which originated with The New West Magazine six years ago, will be carried out on a larger scale than ever in 1919, the second week in April being the regular date chosen. During this week all the people of the West—and especially the women—will be asked to call for and use Western-made goods, and retail merchants will make special displays of articles manufactured in the West.
