JAMES WITHYCOMBE

March 21st 1854 March 3rd 1919

Why did you vote for Withycombe? the writer was asked. First because he possessed the rare attribute of common honesty. Because he was a man of the people and for the people. Because every ounce of him assayed 100 per cent American patriotism. Because of the enemies he had made among the I. W. W. and other anarchistic elements that were trying to impede the government in its war work. Because he worked so hard to build up the farm interests of Oregon. These aside from political affiliations are a few of the reasons why I voted to re-elect Gov. Withycombe.

On a tenant farm at Tavistock Derbyshire county, England, on March 21st, 1854, to Thomas and Mary Withycombe a son was born whom they christened James.

At the age of 17 he came with his parents to Hillsboro, Oregon.

In 1873 he purchased a farm which he operated for fifteen years at the same time practicing his profession as a veterinarian. On moving to Portland he was appointed State Veterinarian which position he held for nine years, resigning same to become director of the O. A. C. Experiment station at Corvallis. It is largely to his efforts that Oregon owes the development of her dairy industry whose annual output he saw increase from \$3,500,000 to \$20,000,000. He seemed to be connected with everything that pertained to the betterment of stock raising and agriculture. None of Oregon's governors had a more extensive acquaintance among the common people than Gov. Withycombe, but it was his record as Oregon's "war governor" that endeared him most to the people.

He foresaw our entrance into the world cataclysm and was an early advocate of preparedness. To the enforcement of law and order the advancement of war work, and the welfare of the soldier he gave his best energies thereby making a record, which stands as an imperishable monument. He needs no other. To err is human and one must needs be super human to carry

such a weight of responsibility as did Gov. Withycombe and not make mistakes.

Faithful to the last, he died in the harness, which is the last word in eulogy. After life's fitful fever may he sleep well beneath

The sunshine and the trembling leaves

The blue o'er-arching sky
While music of the wandering winds
Shall float in whispers by

SCHOOL NOTES

Cacalia Mielke—Editor

The Art classes in Miss Schifferer's room are at present making butterfly sticks, to use in vases of flowers.

Lucy Gompton from Scio, has enrolled in the third grade.

For their art work, the third fourth grades are making posters to represent the Mother Goose Rhymes. Mrs. Lau reports that the pupils have done exceptionally well in this work.

The pupils in Miss Schifferer's room had a musical program on Tuesday morning. All present who could play the piano were called upon and many good selections were given, seven in all taking part.

All the teachers report very good attendance and that the pupils are all working earnestly.

Stayton High was victorious over Amity High in the basket ball game last Friday night, the score being 21 to 14. A large audience came out to see the first game played this season in the local gymnasium. The "rooter's section" was filled to capacity with a good lively crowd, with Roy Follis as yell leader.

After the game the girls of the Domestic Science class served a supper to both teams. The tables, which were arranged in the Domestic Science Kitchen, were very prettily decorated with bowls of violets and candle sticks with purple and gold shades. The favors were tiny bouquets of violets tied with pur-

CLASSIFIED ADS.

For Sale—White Pekin duck eggs. \$1 a setting of ten eggs.
2t Mrs. J. E. Yeoman,
Phone 287 Stayton, Oregon.

ple ribbon. In the center of the table, having the place of honor, was a cardboard goat with the inscription "Amity's Goat."

Among the Stayton people who went to Salem Wednesday night to hear the French Band at the Armory, were Miss Margaret Miller, Mrs. Creech, Mr. and Mrs. J. F. Lau, Mr. and Mrs. Grover, Miss Ruth Roy and Edward Warren.

Second semester work has begun in the majority of the classes and the teachers feel confident that all of the work will be completed in spite of the many weeks that school was closed.

Mrs. J. W. Mayo and children visited at the high school Friday afternoon to examine the German helmet and the cards sent from France by Mr. Ford.

Remember the basket ball game (tomorrow) Friday night, March 7, Stayton High vs. Albany high. Admission 15 and 25 cents. Game call at 8 p. m.

On last Friday afternoon the eighth grade class had a very interesting debate. The question was "Resolved, that the women should give up their positions to the returning soldiers." Those debating on the affirmative side were George Mielke, Gilbert Hamman, and Giles Brown. On the negative side were Elizabeth Lee, Elizabeth Mulkey, and Geo. Weddle. The affirmative, however, was victorious. After the debate a short musical program was given by the pupils. Those taking part were Maxine Caspell, Elizabeth Lee, Heit Pancoast, Lee and Giles Brown.

The girls in the Domestic Art Class are now working on pillow cases. Since hand work of some description must be done by them the girls are busy crocheting, embroidering or tatting.

For Rent—Two acre lot and four rooms of house with pantry, two rooms upstairs, 2 lower floor. Good orchard. \$8.—Mrs. E. C. Caldwell.

A BIT OF ADVICE

First—Don't Delay. Second—Don't Experiment

If you suffer from backache; head aches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble—they are recommended by thousands. Can residents desire more convincing proof than the statement of a citizen of this locality?

H. C. Mangas, retired druggist, 412 S. Fifteenth St., Corvallis, Ore., says: "I have taken Doan's Kidney Pills at different times when I have felt in need of a kidney medicine and have found them to be all that is claimed of them. In recommending Doan's Kidney Pills, I am only speaking from personal experience, but from what I know of others who have received great results from them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Mangas had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Never Put Acid
into It

Don't monkey with Acid.
It won't strengthen your battery.

It won't ginger up your starter or brighten your lights.

It won't put fire in your spark.

But it does burn the life out of the plates—increases the need of repairs—makes your battery cost more and makes its life shorter.

If you think your battery needs acid, come in and get an expert opinion.

Ask for a copy of the booklet—"A Mark with a Meaning for You." It tells a vital story.
