*Jim tells it  
to the Boss*

"Tisn't the size of a plug that counts," says Jim. "It's the way it tastes—and how it lasts. A couple of squares of Real Gravelly keeps me satisfied."

Good taste, smaller chew, longer life is what makes Genuine Gravelly cost less to chew than ordinary plug.

Write for—

**Save Today for Tomorrow's Needs**

Do you live "from hand to mouth?" There is a system of living whereby Today may be made to provide for Tomorrow—this year for next year—the prime of manhood for old age.

**SAVE**

This one word tells the story. Just a little regularly deposited in our savings department makes a pleasantly surprising showing in the years to come.

**If You Built a Battery**

You wouldn't spend money for plates and acid and battery jars and then fail to protect your job with good insulation.

Then why neglect, when you BUY a battery, to make sure that it's a Bone Dry Willard with Threaded Rubber Insulation.

We carry a full stock of Bone Dry Batteries—and every one of them is as brand new as the day it left the factory. You don't take any risk—either of delay or of getting a battery not in every sense brand new.

There's an interesting story in the booklet, "196,000 Little Threads." Ask for a copy.

For Rent—Two acre lot and four rooms of house with pantry, two rooms upstairs, 2 lower floor. Good orchard. \$8.—Mrs. E. C. Caldwell.

**YOUR KIDNEYS**

Stayton Residents Must Learn The Importance of Keeping Them Well

Perfect health means that every organ of the body is performing its functions properly.

Perfect health can not be enjoyed if the kidneys are weak and disordered. Thousands testify that Doan's Kidney Pills have arising action on weak kidneys.

What this remedy has done in so many cases of this kind is the best proof of its merit.

Read the following. It's testimony gratefully given by a resident of this locality:

Mrs. John Bray, 728 E. Fourth St., Albany, Ore., says: "I have never found anything that gives such good results as Doan's Kidney Pills when I have need of a kidney medicine. I have been subject to kidney trouble for years. At times my back has ached pretty badly and during those attacks my kidneys have acted irregularly. A Day's use of Doan's Kidney Pills has never failed to relieve the trouble and they have always made me feel fine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bray had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

**Catarrhal Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. The F. J. CHENEY & CO., Toledo, O.

**Get Rich Quick—Grow Berries**

To the Farmers of the Stayton District.

For several months we have been conducting an active campaign among growers for the purpose of securing a very large planting in strawberries, raspberries, loganberries, gooseberries and currants. We pointed out the enormous profits to the producer. The response has been very encouraging. We have booked large orders for tips and plants and our stock is almost exhausted. In another month the spring will be here and growers should make preparations to get their ground in shape for planting new acreage.

Our jelly, jam and preserve plant is in full operation, but we must have berries of every variety to keep us occupied all the year round. We have persistently pointed out to growers the enormous profits to be derived from small fruits, how it would add value to your land and how it was possible to make the Willamette valley famous as the greatest berry district in the United States. The opportunity, not alone to make large profits but to put the Willamette valley on the map rests entirely with the progressive growers. We are doing our full duty to bring this about. We have already spent over \$400,000.00 in advertising your products; have invested \$1,550,000 in this business; have established an extensive system of selling jellies, jams and preserves all over the world and now appeal to the growers to furnish the necessary fruit, which is so essential to mutual success.

Let us briefly outline the market conditions as they exist today and the acreage which we are willing to contract.

**STRAWBERRIES.** We will contract for the 1919 crop at 9½ cents per pound which is equal to \$500 an acre at the rate of 300 crates of 18 pounds each of the Wilson variety planted on good soil. The "Etterberg No. 121" a new and very hardy variety, has yielded as high as 600 crates per acre, but sets of this variety are limited, and while we have some on hand, we are unable to furnish them in large quantities. This is an ideal strawberry on sandy loam ground and we urge you to get started growing them. We will contract 1000 acres of strawberries commencing with 1919 or 1920 and running through the life of the plants.

**RASPBERRIES.** We will contract the yield from 1000 acres of raspberries of the Cuthbert variety for 3 or 5 years. To growers who have raspberries in bearing we will pay 9½ cents a pound, which is equal to \$500 to \$600.00 gross per acre. Beats raising hay or grain. Don't it?

**LOGANBERRIES.** When speaking of loganberries, we think of LOJU, America's famous beverage, and PHEZ, America's famous pure juice of the loganberry, then we think of loganberry jellies, jams and preserves for which there is a constantly increasing demand. We can use the product of 1000 acres for 5 years at prices which will \$150.00 per acre when planted on the right kind of land. This is one of the Willamette valley's best berries on account of its productiveness and long life. There are several patches 18 years old and still producing bumper crops. We can arrange to furnish you with strong, vigorous plants at \$15.00 per 1000 through growers, if your orders is placed at once.

**GOOSEBERRIES AND CURRANTS.** These much neglected but splendid berries are again being sought after and growers who have large or small patches should be sure and give them careful attention. There will be a good demand for them this year and for years to come.

Let us again impress upon you the importance of the industry. The Oregon Legislature, which

just closed, passed an extensive and comprehensive reconstruction program to take care of our returning soldiers, sailors and marines and develop the industrial and commercial wealth of Oregon and the fruit and berry industry is but another link in the chain of wealth and progress to Oregon. We are doing our part and are presenting opportunities which we feel certain will contribute to the well being and happiness of our people.

We will be pleased to have you write us on this subject. Do it now.

**WOMEN URGED TO HELP SAVE U. S. INTEGRITY**

By Mrs. Sarah A. Evans, State Chairman, Women's Liberty Loan Committee of Oregon

"This is to be the last Liberty Loan!"

These words we send to you, still thrilling with the joy that was ours when they came to us; not for the promise of work curbed; not for the lifting of a financial burden from our shoulders, but for their resounding cry of victory, heralding a thanksgiving call to all the nations of the earth.

Six months ago we urged you to dedicate your services and four money to the aid of the government that victory might be ours. The magnificent response from the women of Oregon, and other states, by their consecrated loyalty and generous support played a small part in bringing joy to the world on the twentieth of last November. Our money, lavishly loaned and used, was the dynamic force that prostrated the German barbarians, and stopped the slaughter of our splendid manhood. The magnitude of our preparations struck terror to the enemy. It implied the obligation America had taken upon herself, and her firm determination to see it through to a glorious finish.

**SARAH A. EVANS**  
The victory has been won, but have we canceled all our obligations? Certainly not until we have paid every debt incurred to bring about this victory, and honorably return home every soldier who made it possible.

Our thank-offering for the speedy close of the war, the thousands of lives spared, and the untold suffering thus saved must be the preservation of the financial integrity of America, and a comprehensive readjustment of disturbed conditions. This can only be done by a generous and ready response to this last great call—THE VICTORY LIBERTY LOAN.

Let us rededicate ourselves and our treasure once more to the cause of peace, as did the wise men of old when they heard from the Judean Hills the song of victory:

"Peace on Earth; good will to men."

It is called the Victory Loan because the money it will bring in was spent to force victory over Germany.

"The most unmitigated curse of the United States is the lack of thrift."—Frank Crane.

"Waste neither time nor money, but make the best use of both."

It is foolish to lay out money in a purchase of repentance.

Money can beget money, and its offspring can beget more.
