Wilbur Woolen Mills Co.

John P. Wilbur, Manager

Notice to the Public

Commencing on April first, 1919, the blacksmith shops of Missler & Taylor and Wm. A. Cladek, of Stayton, Oregon, will be run on a cash basis. This is deemed necessary on account of our having to pay cash and high prices for material and help.

Messler & Taylor,
W. A. Cladek.

INFORMATION WANTED.

The following information is wanted: names, locations, capacity, and superintendents or managers of all institutions, public or private, equipped for the care of the sick, in Marion or Polk Counties. Call 1500, or address Willamette Chapter, A. R. C., Salem, Oregon.

If You Built a Battery

You wouldn't spend money for plates and acid and battery jars and then fail to protect your job with good insulation.

Then why neglect, when you BUY a battery, to make sure that it's a Bone Dry Willard with Threaded Rubber Insulation.

We carry a full stock of Bone Dry Batteries—and every one of them is as brand new as the day it left the factory. You don't take any risk—either of delay or of getting a battery not in every sense brand new.

There's an interesting story in the booklet, "196,000 Little Threads." Ask for a copy.

418 Court St., Salem, Oregon

EXECUTOR'S NOTICE

Notice is hereby given that the undersigned has been duly appointed by the County Court of the State of Oregon for the County of Marion as Executor of the Last Will and Testament of James Walker, deceased, and that he has duly qualified as such Executor. All persons having claims against the estate of said decedent are hereby notified to present the same, duly verified, to me at my home 2 1/2 miles south of Aumsville, in Marion County, Oregon, within six months from the date of this notice.

Dated in Aumsville in Marion County, Oregon, this 25th day of February, 1919.

James T. Walker,
Executor of the Last Will and Testament of

James Walker, deceased.

ONE WEAK SPOT

Many Stayton People have a weak part and too often it's the Back

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up day and night. Backache is often from weak kidneys. In such cases a kidney medicine is needed. Doan's Kidney Pills are for weak kidneys. For backache and urinary ills. Good proof of merit in the following statement.
Mrs. R. W. Forgey, Madison St.

SUBLIMITY CITIZEN SECURES PATENT

A very practical grader and drag combined has been invented by John Kintz of Sublimity, Oregon. It is inexpensive and simple of construction. For drag purposes it can be operated by one man and a team of three horses. When used for grading four horses are generally used.

Mr. Kintz has been road supervisor in his district for a number of years and has tried many devices for grading and leveling roads. The following cut gives a very good idea of the invention.

Practical Grader and Drag
JOHN KINTZ, Inventor

He has used this drag in his district for a considerable period with excellent results. It is perhaps the most practical device ever invented to keep roads in condition. It will also be found invaluable for leveling land for general farm purposes.

It is primarily intended to keep roads in condition for travel although it has been used with good results in the first construction and no doubt will be in general use in the near future. Mr. Kintz secured his patent in last November. He has one of the new model in use at the present time and two others are being constructed.

The construction of the device is simple and strong and will last indefinitely. Any one interested in good roads wishing to look at this grader may do so by calling at the farm of Mr. Kintz near Sublimity, where he has one complete and two more under course of construction. He contemplates manufacturing them for sale to the general public in the near future. However, in order to introduce them in a general way to establish their superiority over other devices in road work he is planning on granting special permits to counties and road districts to make and use them for road purposes.

Any one who is interested in road work will do well to inspect this grader. Mr. Kintz states that this grader not only does better work than any other device he has seen, but will do a great deal more work in the same time. During these times of high prices for labor and materials it ought to be a boon to road work. adv.

Silverton, Ore., says: "I was laid up for two or three weeks at a time with my back. My kidneys were out of order and acted irregularly and I got so weak and tired I could hardly drag myself around. Other medicines had very little effect and I was getting worse. I tried Doan's Kidney Pills and the first box gave me great relief. I stuck to them until I had finished four boxes, which cured me of the backache and kidney disorder."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Forgey had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.
