BORN OF WAR

It is difficult yet to value accurately or in some instances to perceive all the war has brought to our national life or pruned from it. The things we think little now may appear to posterity the greatest. The Thrift Stamp idea seems to be one of these. Originated as a war emergency measure, it has taken hold; has appealed to the common sense of America, and may yet shape the destiny of the nation.

It is patent, now that the war is over, that the Thrift Stamp has come to stay. If we get nothing else out of the war but the habit of saving, which begets the cotollary simple living, we will have reaped the full fruit of the war. For a thrifty democracy is a firm democracy, a potent democracy, a democracy strong enough to preserve itself.

A man who saves is a better citizen than the man who does not save. He becomes a stockholder in his government and he is jealous for the welfare of that government in war and in peace. In war he will fight for it with his life. In peace he will protect it from those who would tear down.

As America saves from this day on so shall she grow in benign power and in the eyes of mankind. "A bank account for every American citizen" should be one of our national slogans.

The Thrift and War Savings Stamp idea is freighted with a mighty change for the better in our national life.

The Thrift Stamp is backed by the United States government. Without doubt it is the greatest investment ever offered and it is in such a form that every American, big and little, can take advantage of it.

Mothers should see that the whole family take at least 3 or 4 doses of a thorough, purifying, system cleaning medicine this spring. Now is the time. The family will be healthier, happier, and get along better if the blood is given a thorough purifying, the stomach and bowels cleaned out, and the germs of winter, accumulated in the system, driven away. Hollister's Rocky Mountain Tea is one of the very best and surest spring medicines to take. Get it and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy.—Sloper's Drug Store.

The pupils in the primary room are very interested in a new plan which they are working out, by this, if every pupil in one row have clean face and hands, that row gets a gold star on a cardboard in front of the room. But if it should happen that only one person in that row should cause the row to lose a star,

that person gets his or her name written in black on the card.

The 1st and 2nd grades are illustrating the story of the Three Bears, in their art work. When the work is finished each pupil's work will be put in book form for them to keep.

Mrs. Creech's pupils this week wrote a story of the seasons in their note books.
