WOMEN AND MONEY

By Chancellor James R. Day, Syracuse University.

The balance which self denial holds in the home is the balance of prosperity and peace. Here woman has her place and office. Is she equal to self denial? Can she wait?

There is nothing so persuasive, so irresistible, as the love of a man for the wife whom he loves. No money is spent with so much joy as the money that goes to her and the children.

Happy is that man whose wife loves him too much to permit him to be foolish when he should be wise, who is so judicial in her temperament, so prudent in her domestic economy, as to add her decisive voice to the month's allowance, and so brave as to insist that the expenditure must always be at least a little less than the income. She ought to say:

"I am not seeking or consenting to support. There will be two of us. If I cannot earn as much as you, I can save more. We will plan together. I will be the home side of your life."

Since Chancellor Day uttered those words the United States government has made it possible for the wife to "add her decisive voice to the month's allowance." War Savings Stamps is the way.

BRITISH THRIFT

The British War Savings Committee has become a permanent institution in England and the following declaration has been issued explaining the English attitude toward thrift:

"Quite as important, both as a source of revenue and as a social movement, is the restraint of luxury, and growth of economy and simplicity of life among the well-to-do. Otherwise goods and services will be wasted. War saving applies to all classes, and appeals to all incomes."

12 WAR TANKS TO ADVERTISE VICTORY LOAN

Each Pacific Coast State to Get at Least One Tank to Aid Fifth Drive

Twelve tanks which have been assigned to the Twelfth Federal Reserve District for use during the Victory Liberty Loan drive opening April 21 have been assigned to the seven states in the district so that each state in the district will get at least one of the tanks to display during the campaign. The tanks have been assigned as follows: Two to Washington, one to Oregon, one to Idaho, one to Utah, one to Nevada, two to Northern California and two to Southern California and Arizona. The remaining two tanks are to be carried or special trophy trains which will tour the district.

Tanks in Sham Battle. Veterans of the American Expeditionary Forces who have seen actual service in France will be the drivers of the tanks during the campaign. Before being distributed throughout the district for the opening of the campaign the tanks will parade in San Francisco and give a sham battle.

All of the tanks are being shipped from the East direct to San Francisco. They are due to arrive there about April 6 when they will be taken to a four acre tract near the Southern Pacific freight yards and assembled by the men who are to drive them. Each of the tanks will be armed with a Marlin machine gun or 37 M.M. smoke bombs with special pistols and lights.

Display of War Relics. In addition to the tanks the special trophy trains will carry a complete display of relics which have been gathered on the battlefields of France and which have been shipped back to this country since the signing of the armistice. Accompanying each of the trains will be an American war hero who will speak for the Victory Loan. One of the trains will tour the North west and the other will travel through California and the Southwest.

REOPEN PRIVILEGE FOR CONVERSION OF LIBERTY BONDS

Indefinite Extension of Time Granted by Secretary Glass on Earlier Loans.

The privilege of converting Liberty Loan bonds of the first and second issues into bonds of the later issues bearing a higher rate of interest which expired November 9, 1918, has been reopened by the secretary of the treasury for an indefinite period, which may be ended at such date as may be fixed by the secretary on six months' public notice. This conversion privilege applies to 4 per cent bonds of the first and second issues into 4 1/2 per cent bonds.

The conversion may be made by surrendering the bonds now held to the Federal Reserve Bank at San Francisco, accompanied by a "request for conversion," on an application blank which will be mailed from the Federal Reserve Bank.

Don't think you have sacrificed because you may be paying for your interest-bearing Fourth Liberty Loan Bonds. These fellows back from France legless, armless or sightless don't think they have sacrificed. They simply think they did their duty.

The Victory Loan coming in April is the last Liberty Loan. Then the war is over for you. It will be still going on for 1,000,000 Americans in France.
