Chas. Gehlen

Mr. F. M. Munkers is confined to his home here on account of it being necessary for Dr. Brewer to amputate the greater portion of one of his feet, which had become infected with gangrene, which was due to, a general breaking of his health. Miss Eleneor Willing is in attendance, as nurse.

W. W. Mokler, who has been with the Mail in the mechanical department for the past five months, has gone on a vacation, so he says. He will attend the wedding of a near relative while away and will also superintend the selling of some timberland that he has in Washington. He said on leaving: "If I have any time left I will enjoy myself." This leaves the Mail in the hands of the editor and "His Satanic Majesty"—with a telephone directory to finish, a lot of job work to be turned out "Right pronto" and the blamed old paper to get out. BUSY? Well we guess!
