## FIRST STATE CONVENTION OF "AMERICAN LEGION" PORTLAND SEPT. 17-18

Former soldiers, sailors and marines from every section of the state of Oregon, will meet in Portland on September 17 and 18 for the first state convention of the American Legion, the national organization of men who fought in the great war.

Sessions will be opened at the Auditorium at 2:30 on the afternoon of the first day with an address by Theodore Roosevelt, who, with George A. White of Portland, is credited with the conception in Paris of the organization of former service men.

Roosevelt refused at the national caucus at St. Lewis to accept the office of national chairman but is a member of the joint executive committee of which 17 members were selected at St. Lewis and 17 at Paris.

Election of state officers and the naming of delegates to the national convention of the American Legion at Minneapolis, November 10, 11 and 12 will be the chief objects of the convention in Portland. There will be accredited delegates from every post of the American Legion in the state—there are now 31—but the meeting will be open to all members of the organization.

Laurence Smith, of Sublimity, had his right arm fractured at the wrist while cranking a Ford last Friday. He is under the care of Dr. Brewer.

Luke Mathewls visited the store at Bounding Billow Saturday and laid in a supply of 1920 almanacs and is now busily engaged in peering into the mysterious future.

Sidney Hocks says there are only two things that will cause a person to roll up his pants at the bottom and that is high water and loud socks.
