### Quite a Welcome Awaits This Rainbow Corporal

MANNING, ALA.—Is Manning taking on airs these days? It is. And is it proud of Corp. Sidney Bratton of the Rainbow division? It is. And will he get a welcome when he returns home? He will. This town is his to play with. Why? Oh, well, the story goes like this:

Gen. "Black Jack" Pershing went to Remagen on the Rhine the other day to inspect the Forty-second division and distribute some 50 decorations to officers and men. It took almost two hours of the general's fast walking up and down company rows for the inspection—he thinks the only way to inspect is to inspect. And then he presented the decorations.

Corp. Sidney Bratton received the congressional medal of honor for taking command of his platoon when the lieutenant commanding and finally the top sergeant had been killed. He led 80 men into an attack on the heights of the Ourcq and captured the position, which he and eight survivors held against persistent enemy counter-attacks. Although suffering from nine wounds, Corporal Bratton maintained command and position until relieved by re-enforcements.

General Pershing shook him by the hand and said: "Corporal Bratton, it is men of your caliber who have emblazoned the name of America around the world. In the name of the president and of the people of the United States I congratulate you; as your commander in chief I thank you heartily for your inspiring example; as man to man, Corporal Bratton, I want to tell you that I envy you."

In the line for decorations Bratton stood first. Beside him stood a brigadier general who received the Distinguished Service medal, but Bratton's position was first before his entire division that day—an honor which goes to him who wears the starry blue ribbon that dangles the highest award for American bravery.

### MAKE YOUR WINTER PAY BIG. A VAGHAN DRAG SAW WILL DO IT

Get a sturdy Vaughn and let it saw your wood for less than 5 cents a cord. Takes logs to 8 feet. When not doing ten men's sawing, it operates other farm machinery. Repeatedly pays for itself in a single season.

STANDARD \$155  
CLUTCH \$165

WHY THE VAGHAN  
IS SUPREME

Because it is built for long, hard, honest service and has more time labor and repair saving features than any drag saw made. Investigate for yourself. The Vaughn is the only saw with the JIFFY SAWHOLDER which grips or releases saw head in instant; the only saw with METAL to METAL CLUTCH that cannot burn out; the only one with the accident preventing safety angle; the adjustable PITMAN HEAD, the single unit crank case; heavy malleable sproket etc., that give a long life and cuts wear and repair.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.
